Case IPR2013-00511
Patent 7,159,587

KAMHOLZ, *Administrative Patent Judge.*

JUDGMENT
Termination of the Proceeding
37 C.F.R. § 42.74

The parties filed a joint motion to terminate the instant proceeding (Paper 28 ("Mot.")) and a true copy of their written settlement agreement (Ex. 2018) made in connection with the termination, in accordance with 35 U.S.C. § 317 and 37 C.F.R. § 42.74(b). The parties also jointly requested that their settlement agreement be treated as business confidential information under 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74(c). Paper 29.

For the reasons provided below, the joint motion to terminate is granted. The joint request that the settlement agreement be treated as business confidential information is also granted.

While the parties may agree to settle their issues related to the involved patent, the Board is not a party to the settlement and may determine independently any question of patentability. 37 C.F.R. § 42.74(a).

Patent Owner has already filed a Response (Paper 17), and Petitioner has filed a Reply (Paper 25), but the record is not yet closed, and the Board has not yet decided the merits of this proceeding. The parties represent that the '587 patent is the subject of an exclusion order issued in ITC investigation No. 337-TA-879, as well as a stayed district court action, *ResMed Inc. et al v. Apex Medical Corp. et al.*, No. 8:13-cv-00498 (C.D. Cal.). Mot. 5-7. The parties further represent that these matters are covered by the settlement agreement. *Id.* at 6, 7.

In view of the parties' settlement agreement made in connection with the termination in accordance with 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74(b), we determine that it is appropriate to terminate the involvement of Petitioner. Moreover, we determine that it also is appropriate to terminate the proceeding with respect to Patent Owner, because we have not yet

decided the merits of this proceeding, and the record is not yet closed. As a result, it is appropriate to enter judgment in the form of termination. *See* 37 C.F.R. § 42.2.

Accordingly, it is

ORDERED that the joint motion to terminate IPR2013-00511 is *granted*, and this proceeding is hereby terminated as to all parties, including Petitioner Apex Medical Corp. and Patent Owner ResMed Limited; and

FURTHER ORDERED that the joint request that the settlement agreement be treated as business confidential information and be kept separate from the patent files under 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74(c) is *granted*.
