Subject: IPR2023-00707 -708 -709 -710 & -711: Patent Owner"s mandatory notices
Date: Tuesday, October 31, 2023 12:29:00 PM

Counsel,

Yesterday, in each of the above-referenced proceedings, Patent Owner filed a power of attorney and updated mandatory notice. These filings have been rejected because they do not include Brian Boerman, who is backup counsel for Patent Owner in these proceedings.

If Patent Owner seeks to remove Mr. Boerman from these proceedings, it must request and obtain authorization to do so. *See* 37 C.F.R. 42.10(e)("Counsel may not withdraw from a proceeding before the Board unless the Board authorizes such withdrawal."). Patent Owner is authorized to file a motion to withdraw Mr. Boerman from these proceedings.

Alternatively, Patent Owner is authorized to file replacement powers of attorney and updated mandatory notices provided that they identify Mr. Boerman.

Thank you,

Maria King
