I hope this response is helpful to you and that we may advance our discussions to a clear understanding of our potential future working relationships. We are impressed by your concepts for multilevel dissemination and collection of data stream information and believe it could have important uses for the security of our country.

I am leaving for Ireland this afternoon and will be returning Monday, May 23. I look forward to your response and please feel free to discuss any questions you might have with Bob Koch in the meantime.

Best wishes,

William H. Webster
