Counsel,

From the Board –

The Board has a strong interest in the public availability of trial proceedings. Confidential information that is subject to a protective order ordinarily would become public 45 days after denial of a petition to institute a trial or 45 days after final judgment in a trial. There is an expectation that information will be made public where the existence of the information is referred to in a decision to grant or deny a request to institute a review or is identified in a final written decision following a trial. As a result, when confidentiality is alleged in some but not all of the information submitted to the Board, the submitting party should file confidential and non-confidential versions of its submission.

In each of the below-identified cases in which motion(s) to seal were filed, please also file a proposed redacted version of each document sought to be sealed, if you have not already done so. Please file proposed redacted documents in *each* case, including any proposed protective orders (and how they may deviate from the proposed default protective order). *See* Consolidated Trial Practice Guide pp. 21-22, 111 (Protective Order Guidelines), 119—120 (Default Protective Order)." At present, some proceedings refer to documents filed in other proceedings. *See e.g.,* IPR2024-00468 (Paper 7), -469 (Paper 7), -470 (Paper 6), -550 (Paper 6), -551 (Paper 6), -552 (Paper 6), -553 (Paper 6).

Please file the required documents on or before July 22, 2024.
