UNITED STATES INTERNATIONAL TRADE COMMISSION
WASHINGTON, D.C.

Before the Honorable David P. Shaw
Administrative Law Judge

In the Matter of **CERTAIN FITNESS DEVICES, STREAMING COMPONENTS THEREOF, AND SYSTEMS CONTAINING SAME**	**Investigation No. 337-TA-1265**

RESPONDENTS' NOTICE OF PRIOR ART

Pursuant to Order No. 2, Ground Rule 5, Respondents ICON Health & Fitness, Inc. and its subsidiaries Free Motion Fitness, Inc. and NordicTrack, Inc. (collectively, "ICON"), lululemon athletica inc. and Curiouser Products Inc. d/b/a MIRROR (collectively, "MIRROR"), and Peloton Interactive, Inc. ("Peloton") (ICON, MIRROR, and Peloton are referred to herein collectively as "Respondents") hereby provides its Notice of Prior Art.

Respondents identify prior art to the asserted patents in Appendices attached hereto, as follows: (1) U.S. Patent No. 9,407,564 (Ex. A); (2) U.S.Patent No. 10,469,554 (Ex. B); (3) U.S. Patent No. 10,469,555 (Ex. B); (4) U.S. Patent No. 10,757,156 (Ex. A); and U.S. Patent No. 10,951,680 (Ex. B). The prior art identified in Appendices A and B lists the prior art references on which Respondents may rely, either singly or in any combination, to establish the invalidity of the asserted claims of the asserted patents or to demonstrate the relevant state of the art or level of skill in the art.

Respondents may also rely on, either singly or in any combination, the prior art identified on the face of or during prosecution of the asserted patents or any related patents, or identified in other proceedings before the United States Patent and Trademark Office for the asserted patents

or related patents.

Respondents may also rely on prior art identified or produced by Complainants or any subpoenaed third parties in this Investigation, prior art admitted into evidence or identified as an exhibit at the hearing or at deposition, and/or prior art identified during the remainder of fact and expert discovery.

Respondents may rely on documents and information that are not prior art, and therefore need not be disclosed in this Notice, for other purposes including, but not limited to, evidence of inherency in any of the prior art or establishing the prior art as prior art, including documents establishing the sales or use dates of prior art products.

Respondents may rely on any person identified as an author or inventor of any prior art identified herein as a prior inventor or as having prior knowledge of or as having previously used or offered for sale the alleged inventions of the asserted patents. Respondents may also rely on individuals, the names and addresses of which are within Complainants' possession, including Complainants' employees, former employees, consultants, and/or other persons affiliated with Complainants who may have knowledge of, or have previously made, used, sold or offered for sale, the alleged inventions of the asserted patents.

Respondents may supplement or amend this Notice as discovery proceeds, including third-party discovery. Respondents note that discovery, including third-party discovery, is ongoing. Claim construction briefing has just begun, thus Respondents' ability to understand the scope of potentially relevant prior art is limited. In addition, expert reports on infringement have not been exchanged, and expert discovery has not started. Respondents may amend and/or supplement this Notice and the attached Appendices A and B upon written notice for good cause shown to identify prior art references that may be discovered after the date of this Notice or to identify additional

prior art that may be rendered material based upon positions Complainants or its expert witnesses may adopt in this Investigation, or if Complainants attempt to rely on anyclaims, for any purpose, that have not been identified to date.
