Product Information

Overview

We wanted to make charging your Apple Watch utterly effortless. So we arrived at a solution that combines our MagSafe technology with inductive charging. It's a completely sealed system free of exposed contacts. And it's very forgiving, requiring no precise alignment. You simply hold the connector near the back of the watch, where magnets cause it to snap into place automatically.

◊ Apple Card Monthly Installments (ACMI) is a 0% APR payment option available only in the U.S. to select at checkout for certain Apple products purchased at Apple Store locations, apple.com, the Apple Store app, or by calling 1-800-MY-APPLE, and is subject to credit approval and credit limit. See https://support.apple.com/kb/HT211204 for more information about eligible products. Variable APRs for Apple Card other than ACMI range from 15.24% to 26.24% based on creditworthiness. Rates as of January 1, 2023. If you choose the pay-in-full or one-time-payment option for an ACMI-eligible purchase instead of choosing ACMI as the payment option at checkout, that purchase will be subject to the variable APR assigned to your Apple Card. Taxes and shipping are not included in ACMI and are subject to your card's variable APR. See the Apple Card Customer Agreement for more information. ACMI is not available for purchases made online at the following special stores: Apple Employee Purchase Plan; participating corporate Employee Purchase Programs; Apple at Work for small businesses; Government, and Veterans and Military Purchase Programs, or on refurbished devices. iPhone activation required on iPhone purchases made at an Apple Store with one of these national carriers: AT&T, Sprint, Verizon, or T-Mobile.

* Monthly pricing is available when you select Apple Card Monthly Installments (ACMI) as payment type at checkout at Apple, and is subject to credit approval and credit limit. Financing terms vary by product. Taxes and shipping are not included in ACMI and are subject to your card's variable APR. See the Apple Card Customer Agreement for more information. ACMI is not available for purchases made online at special storefronts. The last month's payment for each product will be the product's purchase price, less all other payments at the monthly payment amount.

To access and use all the features of Apple Card, you must add Apple Card to Wallet on an iPhone or iPad with the latest version of iOS or iPadOS. Update to the latest version by going to Settings > General > Software Update. Tap Download and Install.

Available for qualifying applicants in the United States.

Apple Card is issued by Goldman Sachs Bank USA, Salt Lake City Branch.

Fast charging is only available with the Apple Watch Magnetic Fast Charger to USB-C Cable when paired with Apple Watch Series 7.
