TEXTS WE LOVE

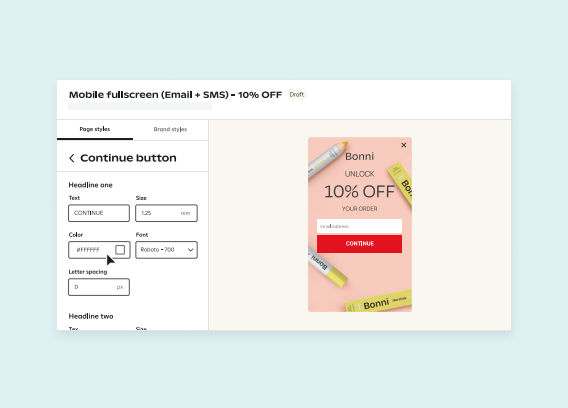
Learn how top brands grow their subscribers with creative sign-up units

Get Inspired

Create impactful experiences that boost conversions

Turn browsers into buyers

- Decide when and where to show your sign-up units with display rules
- Simplify sign-up with our patented two-tap technology
- Collect valuable first- and zero-party data during opt-in

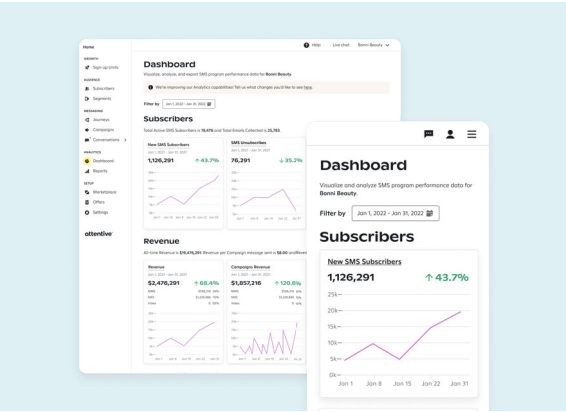


Customize in just a few clicks

- Create sign-up units optimized for any device with pre-built templates
- Upload your brands assets to match your style
- Identify and fix issues with our built-in accessibility compliance tools

Analyze performance and refine over time

- A/B test design elements, offers, and copy to continually improve performance
- Track trends and see which sources are driving the most growth
- Access detailed metrics and generate pre-built, customizable analytics reports



Choose from 30+ sign-up units to collect opt-ins across all your marketing channels

- landing pages
- email
- social media
- e-commerce checkout
- in-store

"The ease of use of Attentive's sign-up units has been huge for us. We've seen massive success to date capturing SMS and email at the same time. That one pop-up has led to the growth of both of our lists. It's completely hands-off."

Adam Bshero
VP of Digital Marketing
