Counsel,

The parties' request for authorization to file joint motions to terminate the referenced proceedings is granted.

In each proceeding, the parties are authorized to file, within five business days, the following: (1) a joint motion to terminate the proceeding; (2) a true copy of the parties' written settlement agreement as a confidential exhibit; and (3) a joint request to treat the written settlement agreement as business confidential information and kept separate from the files of the involved patent. The parties should include in the joint motion a statement that the agreement filed is a true copy of their settlement agreement, and that there are no other agreements, oral or written, between the parties made in connection with, or in contemplation of, the termination of the proceeding.

Dear Board,

The parties in the above-referenced proceedings reached agreement to settle all disputes relating to the patents at issue in the proceedings. The parties thus jointly request the Board's authorization to submit a joint motion to terminate the proceedings when the parties execute the settlement agreement, and a joint motion to keep the settlement agreement confidential.

Best regards,
