ORDER
Conduct of the Proceeding
37 C.F.R. § 42.5

---

[1] This Order applies to each of the captioned proceedings. The parties are not authorized to use this caption.
[2] This is not an expanded panel. Three judges are paneled on each of the captioned proceedings.

On September 8, 2025, the Board conducted a conference call with counsel for the parties to discuss Patent Owner's request to file a motion to submit supplemental information pursuant to 37 C.F.R. § 42.123(b) in each of the following proceedings: IPR2024-00828, IPR2024-00906, IPR2024-00907.

Counsel for Patent Owner indicates that the supplemental information is in the form of public record transcripts concerning testimony in a federal district court case involving the same patents at issue in these proceedings.

Counsel for Petitioner opposes Patent Owner's request, but asks that if Patent Owner's request is granted, that Petitioner be permitted to file responsive supplemental information in the form of additional public trial transcripts so that Patent Owner's testimony and arguments pertaining to the subject matter of these proceedings are included in the record.

After discussion with counsel and further consideration of the parties positions and arguments on this matter, Patent Owner's request for authorization to file a motion to submit supplemental information under 37 C.F.R. § 42.123(b) related to testimony in the federal district court case involving the patents at issue in these proceedings is *granted*. Accordingly, it is

ORDERED that Patent Owner is authorized to file a motion to submit supplemental information pursuant to 37 C.F.R. § 42.123(b) in each of these proceedings by September 15, 2025, not to exceed ten (10) pages in length. Patent Owner's submission should include the proposed supplemental information in the form of exhibits to the motion, which will not be counted as part of the page limit;

FURTHER ORDERED that Petitioner may file a response to Patent Owner's motions by September 22, 2025, not to exceed ten (10) pages in length. Petitioner's submission should include any proposed responsive supplemental information in the form of exhibits, which will not be counted as part of the page limit;

FURTHER ORDERED that Patent Owner may file a reply to Petitioner's responses by September 24, 2025, not to exceed five (5) pages in length; and

FURTHER ORDERED that the hearing in IPR2024-00906 and IPR2024-00907 previously scheduled for September 12, 2025, is rescheduled for 1:00 PM Eastern Time on Thursday, September 25, 2025, at the U.S. Patent and Trademark Office Headquarters in Alexandria, Virginia.
