"Crusher Crop" Infringement Claim Chart for
U.S. Patent No. 10,219,550 ("the '550 Patent")

Rabbit directly and indirectly infringes Claims 1 and 3 of the '550 Patent by making, offering, selling, and using the "Crusher Crop" and Crusher Crop Race (collectively, the "Crusher Crop"). The Crusher Crop '550 Patent because it includes each feature embodied in Claim 1, either literally or under the doctrine of equivalents. Rabbit indirectly infringes Claim 1 of the '550 Patent by knowingly and intentionally inducing others to use or offer or sell it. Claim 3 is infringed whenever someone inserts a non-padding item into the Crusher Crops pocket(s), which is an intended design and use of the Crusher Crop and which Rabbit has done (as demonstrated in Ex. 5) and knowingly and intentionally induces Crusher Crop purchasers and users to do.

Here are two images of the Crusher Crop from Rabbit's website:[1]

Here are three images of the Crusher Crop Race from Rabbit's website, which is the same design as the Crusher Crop:[2]

U.S. Patent No. 10,219,550 (Claim 1)	**Infringing Rabbit Product** (Crusher Crop)
1. [pre] A pocket bra comprising:	The Crusher Crop is "designed for you to have minimal interruptions thanks to the 2 front nutrition pockets and a built-in bra."[3]
[1.1] a strap assembly comprising a chest strap;	The Crusher Crop's "built-in bra" has a chest strap:

[3] *See supra*, note 1.

[1.2] and comprising left and right cups, each cup being an area to receive a breast of a wearer and having inside and outside surfaces, the strap assembly being attached to the cups whereby the strap assembly connects the cups to the wearer, each cup having upper, lower, interior body facing, and opposite exterior edges;	The Crusher Crop has an area for receiving each a left and right breast of the wearer with inside and outside surfaces:

	  The Crusher Crop has a strap assembly attached to the cups connecting the cups to the wearer. Each area for receiving a breast on the Crusher Crop has an upper, lower, interior (medial, body midline-facing), and exterior-facing (lateral, away from body midline) edge.
[1.3] a patch forming a pocket operatively associated with at least one of the left and right cups, the patch having an upper edge, a lower edge, and an exterior edge, the patch having inside and outside surfaces;	The Crusher Crop has a patch of material forming a pocket that is associated with each cup: The patch has edges simliar to the cup and inside and outside surfaces.
[1.4] the lower edge of the patch coupled to the bra adjacent to a lower edge of the at least one of the left and right cups, and the exterior edge of the patch coupled adjacent to the exterior edge of the at	The Crusher Crop's patch is coupled on its lower edge to the bra adjacent to the cup's lower edge. The patch's exterior edge is coupled adjacent to the cup's exterior edge.

least one of the left and right cups, a pocket opening formed along the upper edge of the patch being unconnected to the at least one of the left and right cups;	 A pocket opening is formed along the upper edge of the patch where it is unconnected to the at least one cup: 
[1.5] the pocket opening capable of repeated receiving and removal of an item when being worn by the wearer; and	Rabbit's marketing material shows a wearer inserting or removing an object into or from one of the front pockets:
[1.6] wherein the upper edge of the patch crosses over a surface of the cup to form the opening, the upper edge crossing such that the opening faces the exterior edge of the at least one of the left and right cup to which it is attached.	The patch's upper edge crosses the cup and facing the exterior of each cup to which it is attached to form the opening, and the opening is angled so that it faces toward the exterior (lateral) edge of the cup to which it is attached. 
U.S. Patent No. 10,219,550 (Claim 3)	**Infringing Rabbit Product** (Crusher Crop)
[3] The pocket bra of claim 1 further comprising a non-padding item positioned in the pocket.	Rabbit's marketing materials demonstrate a non-padding item removably inserted into a front pocket.
