U.S. Patent No. 10,219,551 (Claim 1)	**Infringing NIKE Product** (Swoosh Bra)
1. [pre] A pocketed bra assembly comprising:	The Swoosh Bra has six pockets.[3]
[1.1] a strap assembly including a chest strap;	The Swoosh Bra has a chest strap (1):
[1.2] a left cup and a right cup, each cup being an area to receive a breast of a wearer and having inside and outside surfaces, the strap assembly being attached to the cups whereby the strap assembly holds the cups to a wearer, with the chest strap extending from the left cup towards the wearer's back and extending from the right cup towards the wearer's back;	The Swoosh Bra has a left and right cup (3) that each receive a breast of the wearer. Each cup has an inside and outside surface. The strap assembly is attached to the cups and holds the cups to the wearer. The chest strap (1) extends from both sides of the bra towards the wearer's back:

[3] *See supra*, note 1.

[1.3] a side patch on one of an inside or outside surface of the chest strap adjacent to at least one of the left cup and right cups, an upper edge of the side patch lying along a same edge line as at least a portion of a top edge of the chest strap, the side patch forming an opening such that the side patch forms a pocket, the opening capable of repeated receiving and removal of an item when being worn by the wearer; and	The Swoosh Bra has a side patch (4) on the outside surface of the chest strap. The side patch is adjacent to an associated cup: The upper edge of the side patch runs along at least a portion of the top edge of the chest strap. The side patch (4) forms a pocket:

[1.4] an item removably positioned in the pocket.	The pocket is designed to hold various items: "Gone are the days when you need to strap a running band to your arm or shove your keys, phone, and wallet into the sweaty crevice between your boobs."[4]

U.S. Patent No. 10,219,551 (Claim 2)	**Infringing NIKE Product** (Swoosh Bra)
2. The pocketed bra assembly of claim 1 wherein the side patch comprises upper and lower edges along at least part of a length of the chest strap, and side edges.	The side patch comprises upper and lower edges along at least part of a length of the chest strap and side edges:

U.S. Patent No. 10,219,551 (Claim 3)	Infringing NIKE Product (Swoosh Bra)
3. The pocketed bra assembly of claim 2 further comprising stitching along the lower and side edges of the side patch.	Stitching is present along the lower and side edges of each patch:

U.S. Patent No. 10,219,551 (Claim 4)	Infringing NIKE Product (Swoosh Bra)
4. The pocketed bra assembly of claim 3 wherein the stitching forms an upper opening to the pocket between the upper edge of the side patch and the top edge of the chest strap.	The stitching forms an upper opening:

U.S. Patent No. 10,219,551 (Claim 5)	Infringing NIKE Product (Swoosh Bra)
5. The pocketed bra assembly of claim 1 wherein the opening is an upper opening.	The opening is an upper opening:

U.S. Patent No. 10,219,551 (Claim 6)	Infringing NIKE Product (Swoosh Bra)
6. The pocketed bra assembly of claim 1 wherein the item removably positioned within the pocket is a handheld electronic device.	Wearer's may position handheld electronic devices in the side pockets: "Gone are the days when you need to strap a running band to your arm or shove your keys, phone, and wallet into the sweaty crevice between your boobs."[5]

U.S. Patent No. 10,219,551 (Claim 7)	**Infringing NIKE Product** (Swoosh Bra)
7. The pocketed bra assembly of claim 1 wherein the strap assembly further comprises two shoulder straps, and a central area at a back of the strap assembly opposite to the left and right cups, the two shoulder straps and chest strap joining together at the central area, and further comprising a back pocket on the central area.	The Swoosh Bra has a back pocket (5): 
U.S. Patent No. 10,219,551 (Claim 12)	**Infringing NIKE Product** (Swoosh Bra)
12. The pocketed bra assembly of claim 1 wherein each side pocket extends onto the adjacent cup, such that each pocket spans both a part of the chest strap and a part of the adjacent cup.	Each side pocket extends onto its adjacent cup:

U.S. Patent No. 10,219,551 (Claim 13)	**Infringing NIKE Product** (Swoosh Bra)
13. The pocketed bra assembly of claim	The Swoosh Bra has a side patch on

1 further comprising a second patch positioned on the chest strap, the second patch forming an opening such that the second side patch forms a pocket.	each side of its chest strap.

U.S. Patent No. 10,219,551 (Claim 15)	**Infringing NIKE Product** (Swoosh Bra)
15. The pocketed bra assembly of claim 1 wherein a front side edge of the side patch abuts an edge of the at least one of the left cup and the right cup, the pocket extending to the edge of the at least one of the left cup and the right cup.	The front side edge of each side edge abuts an edge of its associated cup:

U.S. Patent No. 10,219,551 (Claim 16)	**Infringing NIKE Product** (Swoosh Bra)
16. [pre] A chest covering comprising:	The Swoosh Bra is a chest covering.
[16.1] a strap assembly including a chest strap;	The Swoosh Bra has a chest strap (1):

[16.2] a left cup and a right cup, each cup being an area to receive a breast of a wearer and having inside and outside surfaces, the strap assembly being attached to the cups whereby the strap assembly holds the cups to a wearer, with the chest strap extending from the left cup towards the wearer's back and extending from the right cup towards the wearer's back;	The Swoosh Bra has a left and right cup (3) that each receive a breast of the wearer. Each cup has an inside and outside surface. The strap assembly is attached to the cups and holds the cups to the wearer. The chest strap (1) extends from both sides of the bra towards the wearer's back:

[16.3] a side patch on one of an inside or outside surface of the chest strap adjacent to at least one of the left cup and right cups, the side patch having upper and lower edges along at least part of a length of the chest strap, and side edges, the side patch upper edge lying along a same edge line as at least a portion of a top edge of the chest strap, the side patch forming an opening such that the side patch forms a pocket, the opening capable of repeated receiving and removal of an item when being worn by the wearer.	The Swoosh Bra has a side patch (4) on the outside surface of the chest strap. The side patch is adjacent to an associated cup: The side patch has upper and lower edges. The upper edge of the side patch runs along at least a portion of the top edge of the chest strap. The side patch (4) forms a pocket:

U.S. Patent No. 10,219,551 (Claim 17)	**Infringing NIKE Product** (Swoosh Bra)
17. The chest covering of claim 16 wherein the opening is an upper opening.	The opening is an upper opening:

U.S. Patent No. 10,219,551 (Claim 18)	**Infringing NIKE Product** (Swoosh Bra)
18. The chest covering of claim 16 further comprising stitching along the lower and side edges of the side patch.	Stiching is present along the lower and side edges of the side patch:
