Raymond:

Thank you for your email and for the virtual meeting on Wednesday.

You have JEDEC's permission to use the documents attached to your email as confidential exhibits in the PTAB proceeding with Samsung. We request that the documents be treated with a similar level of confidentiality to the designation "CONFIDENTIAL-ATTORNEYS' EYES ONLY" in federal court protective orders.

Thank you, Raymond, and best regards.

John

Subject: Request to Use Attached JEDEC Documents in PTAB Proceeding

Good afternoon, John:

Thank you for taking the time earlier today to let me introduce myself and ask a few questions about JEDEC's Manual of Organization & Procedure. I look forward to a chance to meet you in person.

As discussed, Samsung and Netlist are involved in a proceeding before the Patent Trial & Appeal Board ("PTAB"). In the proceeding, Samsung has filed JEDEC Committee Letter Ballot JC-40.4, Item No. 142.35 (attachment 1) as a public exhibit.

To rebut Samsung's position in this proceeding, Netlist respectfully requests JEDEC's permission to submit as confidential exhibits — i.e., available only to Samsung, Netlist, and the PTAB, but not to the public — other JEDEC documents relating to subsequent edits to the contents of that Ballot prior to the eventual publication of JEDEC Standard No. 82-30 in October 2014. These other JEDEC documents are also attached for your reference.

Thank you.

Netlist EX2007
Samsung v. Netlist
IPR2025-00002

Sincerely,
Raymond
