Counsel,

Petitioner's unopposed request for authorization is granted, though counsel is reminded that parties must request and receive authorization to introduce new evidence with a request for Director review before submitting that evidence. See 37 C.F.R. § 42.75(c)(3) ("Absent Director authorization, a request for Director Review may not introduce new evidence.").

Thank you.

Counsel,

Patent Owner is requested to respond whether Patent Owner opposes Petitioner's request for authorization to submit new evidence.
Petitioner is reminded that best practices for seeking authorization from the Office include conferring with opposing counsel prior to emailing the Office.

Thank you.

Dear Acting Director,

Thank you for your inquiry below.

The new evidence is the Exhibit 1100 in P-TACTS.

There was no meet and confer with opposing counsel as this request was made contemporaneously with receipt of the email (Exhibit 1100) on the due date for filing of the Requests in which it was cited.
Petitioner copied opposing counsel on the submission and is unaware of any objection.

Sincerely,
Patrick Keane

Counsel,

Please clarify what new evidence Petitioner would like to submit? Is it Ex. 1100, which has already been submitted in P-TACTS? Also, please indicate whether you have conferred with counsel for Patent Owner and whether Patent Owner opposes the request to submit new evidence.

Thank you.

Dear Acting Director:

Pursuant to Section 3.E of the Director Review Process, Petitioners request authorization to submit new evidence with their Requests for Director Review due today in each of the above proceedings. In a contemporaneous email received just today from Patent Owner's litigation counsel, Patent Owner has narrowed asserted patents and claims in the related litigation. The new exhibit (attached) is a copy of the email communication.

Sincerely,
Patrick Keane
