THE hydrafacial™ COMPANY

The Elite™ is the latest HydraFacial system with advancements to ensure your practice's suc

HydraFacial™ MD Elite

Multilingual User Interface

Available with twelve languages, HydraFacial™ Elite multilingual user interface will make it easier for you to perform HydraFacial treatments with treatment protocols in your choice of language.

Interactive Selling Platform

HydraFacial Elite offers a non−invasive, multi−step treatment that combines the benefits of next−level hydradermabrasion, a chemical peel, painless extractions, and a special delivery of antioxidants, hyaluronic acid, and peptides.

Enhance your HydraFacial

Performing LED light therapy just got easier. Use both red and blue separately or simultaneously and charge them afterwards so that lights are always ready for use. The Elite also includes Mechanical Lymphatic Drainage for enhanced treatment.

Personalize your Treatments

HydraFacial Elite will empower you with more ways to personalize treatments for optimal treatment results and increased client satisfaction and referrals:

- Broad variety of boosters* to meet all skin health needs, including boosters from leading aesthetic partners for brand loyal skin enthusiasts
- Range of exfoliation levels with HydroPeel tips
- Perk Switch to treat lips and eyes
- Keravive*, a revolutionary new treatment to improve scalp health

HydraFacial Perk™ Switch

HydraFacial Elite includes Perk Switch to open your practice to new possibilities. HydraFacial Perk™ Lip and Eye treatments allow you to further customize your clients' HydraFacial experiences.
