# PETITIONER'S UNOPPOSED MOTION TO TERMINATE THIS PROCEEDING

Pursuant to 35 U.S.C. § 317(a), 37 C.F.R. § 42.74, and the Board's email of September 2, 2026, Petitioner, Padagis US LLC, requests termination of this proceeding. Patent Owner, Neurelis, Inc., does not oppose this request.

Petitioner and Patent Owner have settled their disputes related to this proceeding and have entered into certain agreements related to that resolution, which are being submitted under seal as Exhibit 1108. Concurrently with this motion, Petitioner is filing a motion to treat these agreements as business confidential information. In light of these facts, Petitioner requests that the Board terminate this inter partes review proceeding.

## I. STATEMENT OF FACTS

Petitioner and Patent Owner have executed agreements to settle their outstanding disputes relating to U.S. Patent No. 8,895,546 (the "'546 Patent").

Pursuant to 37 C.F.R. § 42.74(b), the agreements are in writing, with a true and correct copy of the agreements being filed as confidential Exhibit 1108. Petitioner certifies that there are no other agreements or understandings, oral or written, between the parties made in connection with, or in contemplation of, the termination of the above-referenced proceeding other than the agreements submitted as confidential Exhibit 1108.

## II. BASIS FOR TERMINATION

Termination of this *inter partes* review, IPR2025-00464, is requested in light of the parties' settlement prior to issuance of the Office's determination on the merits for this proceeding. *See* 35 U.S.C. § 317(a). Moreover, "[t]here are strong public policy reasons to favor settlement between the parties to a proceeding." Consolidated Trial Practice Guide 86 (Nov. 2019).

Here, the parties' agreements settle their disputes relating to the '546 Patent and a true and correct copy of the parties' agreements have been filed as confidential Exhibit 1108. The Board has not yet issued a decision on the merits of this proceeding. As such, Petitioner submits that granting the Motion to Terminate at this juncture would serve to preserve the resources of the Board and the parties as well as to promote a speedy and inexpensive resolution. *See* 37 C.F.R. § 42.1(b).

## III. CONCLUSION

In view of the above, Petitioner respectfully request that the above-captioned *inter partes* review, IPR2025-00464, be terminated.

Dated September 4, 2026

Respectfully submitted,
