PRODUCT DESCRIPTION

OmniVision's OV9282 is a 1MP (1280×800) global shutter grayscale image sensor. Arducam OV9282 camera module can be used in almost all OAK products (OAK-D, OAK-D S2 OAK-D Pro, OAK-D-PoE, OAK-D S2 PoE, etc.) as the stereo camera pair.

It is also compatible with OAK FFC boards (OAK-FFC-3P, OAK-FFC 4P), so you can easily evaluate its sensor and optics performance via a camera board and a flex cable.
