HANDSFREE LABS®

Engineered for effortless entry

After pioneering the world's first hands-free shoes, HandsFree Labs® set out to make every kind of shoe hands-free. Today, Kizik is the only brand whose entire lineup runs exclusively on HFL technology. That technology is backed by more than 200 patents and the expertise of a world-class team of designers and engineers.

WORD ON THE STREET

Don't just take our word for it

Take a look at what our own customers and the press have said about us.

Inc.
'Kizik is changing the footwear game with hands-free technology.'

USA TODAY
"The easiest shoes you will ever put on."

★★★★★
"Absolutely love the styles. Finally, a convenience shoe that actually looks premium and cool."
— EMILY H.

★★★★★
"Bought a pair for my husband, and now our whole family wears them. So incredibly comfortable."
— MARCUS W.

★★★★★
"I can't believe how easy they are to put on. Absolute game changer for running out the door!"
— SARAH M.

★★★★★
"The tech is real. It really locks your foot in securely without ever having to bend down."
— JAMES T.

TRAVEL + LEISURE
"These comfy hands-free sneakers are a traveler's dream."

BuzzFeed
"I am officially obsessed. You literally just step into them."
