The New HydraFacial™ System – One Step Serums Combined with HydraPeel™ Tip Cutting Action

Deep cleansing, exfoliating, extracting, hydrating, and antioxidant treatment in one easy step!

activ-4™

FOR ALL SKIN TYPES

A multi-action specialized serum that cleans skin deeply while softening sebum and impurities to aid in extractions. Assists in dislodging dead cells for HydraPeel™ tip exfoliation & extraction as well as providing residual hydration that aids in firming & smoothing fine lines, resulting in clean, refined, & ultra-moisturized skin. A cosmeceutical breakthrough for skin rejuvenating created for all skin types. Unique formulation only available with the HydraFacial™ systems.

PRODUCT HIGHLIGHTS:

- Patent-pending Glucosamine & lactic acid exfoliating blend to soften sebum and impurities
- Active botanical extracts to calm, sooth and hydrate the skin
- Non-inflammatory, non-irritating advanced leave-on formulation
- Aids in epidermal hyperpigmentation lightening

beta-hd™

FOR OILY & ACNE-PRONE SKIN

A multi-action specialized serum formulated for oily & acne-prone skin. This specialized blend cleans oily skin deeply while AHA ingredients soften sebum & impurities to aid in HydraPeel™ Tip extraction & exfoliation. Hydration additives create an ultra-moisturized skin surface. This serum is blended to remain on the face for the best possible benefit. Unique formulation only available with the HydraFacial™ systems.

PRODUCT HIGHLIGHTS:

- Salicylic acid & lactic acid help to fight future breakouts by softening sebum & impurities
- Visible skin rejuvenation & hydration
- Non-inflammatory, non-irritating advanced leave-on formulation
- Aids in epidermal hyperpigmentation lightening

antiox-6™

ANTIOXIDANT TREATMENT

A hybrid, antioxidant treatment serum to combat free radicals & environmental damages to the cells. Formulated with a proprietary blend of the most effective antioxidant ingredients; stabilized vitamins A, E and white tea extract. It is an absorbable, leave-on service that improves the appearance of age signs as well as texture and clarity. Unique formulation only available with the HydraFacial™ systems.

PRODUCT HIGHLIGHTS:

- The most effective antioxidant ingredients - stabilized vitamins A, E & white tea extract
- Hydration additives deeply moisturize & condition the skin
- Advanced lipid carrier helps ingredients to penetrate the dermal skin barrier
- A valuable contribution to any facial treatment, or as a stand-alone service
- Patent pending non-inflammatory formulation for any skin type

Patients have seen visible improvements on skin after the first HydraFacial™ treatment and feel hydrated for days! No downtime, no redness, better than microdermabrasion!

"To my surprise, I noticed a difference in my skin after my first visit. The dark spots were much lighter and my whole face looked moist and glowing. I am so happy because I am getting married next month and my face looks totally different."

Carole C., Long Beach, California

"I love the way my skin looks and feels immediately after the treatment. My skin feels hydrated and CLEAN! It really glows and the hydration lasts for days. Unlike microdermabrasion, the HydraFacial™ leaves me looking fabulous with no redness at all!"

Betsy B., Los Alamitos, California

"My first HydraFacial™ treatment has blown my mind. My skin is incredibly soft and well hydrated and the tone is far more even. I have never used any other form of exfoliation that has such dramatic results!"

Rachael B., New York, New York
