**Subject:** Re: IoT Patents and Samsung

Hi Andy,
Happy New Year!

After I talked to Chris last month, I received an update from Samsung over the holiday and told me that their lawyers have reviewed the patents and decided not to pursue.

Best,
Kang

Kang,
I hope you had a good holiday break! I wanted to followup and see if there was any interest/understand next steps.

Let me know if you have time for a call.

Best Regards,
Andy

**Subject:** IoT Patents and Samsung

John, Andy,

I want to introduce you to Kang Lee. He is a good friend of mine and he has many high level connections at Samsung. He has shared a summary of the patent portfolio with the head of IoT at Samsung Korea and they passed the information along to the IP acquisition team at Samsung. I understand they have interest in the portfolio and would like to explore it in more detail.

I've copied you all on this email together so you can connect and hopefully explore the relationship with Samsung together.

Let me know if there is anything I can do to help in this matter.

Regards,
-- Chris Wilson
