U.S. Patent No. 8,578,444

PATENT OWNER'S UNOPPOSED MOTION TO FILE UNDER SEAL PURSUANT TO 37 C.F.R. §§ 42.14 AND 42.54

Pursuant to 37 C.F.R. §§ 42.14 and 42.54 and the Board's Orders at Paper Nos. 14 and 39, Patent Owner respectfully submits this Unopposed Motion to File Under Seal, requesting that the following information remain under seal:

- Portions of Patent Owner's Demonstrative Slides (slide nos. 67-85, 88-115, 118-208).

Patent Owner conferred with the Petitioner, and the Petitioner does not oppose this motion.

Patent Owner has previously requested that the Board enter the default protective order (see Consolidated Trial Practice Guide at 107-122 (App. B)) in the above captioned case to govern treatment of the documents and information identified herein.

I. <u>Good Cause</u>

For good cause, the Board may "issue an order to protect a party or person from disclosing confidential information." 37 C.F.R. § 42.54. The rules "identify confidential information in a manner consistent with Federal Rule of Civil Procedure 26(c)(1)(G), which provides for protective orders for trade secret or other confidential research, development, or commercial information." Office Patent Trial Practice Guide, 77 Fed. Reg. 48756, 48760 (Aug. 14, 2012).

Each set of information below meets this standard, and for the reasons explained there is good cause for why those documents should remain under seal.

Patent Owner has filed both an under-seal set of its Demonstrative Slides and a public, redacted version thereof. The redacted portions of the slides contain confidential information regarding Patent Owner's development of the claimed invention and its dealings with Petitioner Cisco, circa 2004–07.

This information fits within the kinds of information that the Trial Practice Guide considers to be "confidential information," such as "confidential research, development, or commercial information." 77 Fed. Reg. 48756, 48760.

There is good cause for keeping the redacted information contained in Patent Owner's Demonstrative Slides under seal. Publicly revealing the sensitive, competitive information could put Patent Owner at a disadvantage in the marketplace.

There is good cause for keeping these documents under seal.

II. Certification of Conference

Pursuant to 37 C.F.R. §§ 42.54(a), Patent Owner certifies that it has in good faith conferred with Petitioner's counsel. Petitioner's counsel does not oppose this motion to seal.

Both Petitioner and Patent Owner agree to abide by the parties' stipulated Protective Order pending a decision by the Board on the motion for entry thereof.

III. Request for Conference Call with the Board

Should the Board not be inclined to grant the present Unopposed Motion to File Under Seal, Patent Owner hereby requests a conference call with the Board to discuss any concerns prior to the Board issuing a decision on the Motion.

IV. Conclusion

Patent Owner respectfully requests that the Board grant this Unopposed Motion to File Under Seal, and keep the following documents under seal: the under-seal, unredacted version of Patent Owner's Demonstrative Slides.

Respectfully submitted,
