JUDGMENT
Termination of Proceeding
37 C.F.R. § 42.73

The parties have requested that the above-captioned trial proceedings be terminated pursuant to a settlement. On August 15, 2014, the Board authorized¹ the parties to file a Joint Motion to Terminate in each of these proceedings along with a true copy of any and all settlement agreements between them related to the patent at issue. On August 22, 2014, the parties filed a Joint Motion to Terminate² in each of the above-captioned cases in accordance with 35 U.S.C. § 327(a) and Rule 42.74. Each Motion was supported by a copy of a settlement agreement styled “Release Terms³.”

The joint motions indicated that the parties entered into a settlement agreement on July 23, 2014. Petitioner indicates that it “withdraws from and will not participate further” in the *inter partes* review.

The parties indicate that both the ’124 and ’795 patents are the subject of Investigation No. 337-TA-905 by the United States International Trade Commission. They represent that on August 4, 2014, the ALJ in that Investigation issued an Initial Determination Granting Joint Motions to Terminate Investigation. This Initial Determination is subject to Commission review.

² IPR2014-00582, Paper 9; IPR2014-00588, Paper 11, and IPR2014-00589, Paper 11.

³ IPR2014-00582, Exhibit 1008; IPR2014-00588, Exhibit 1011, and IPR2014-00589, Exhibit 1112.

Cases IPR2014-00582, -00588, and -00589
Patents 8,149,124, and 8,466,795

The parties indicate that the '124 patent is involved in two infringement lawsuits in the District of Delaware which are on-going. Other matters involving the '124 patent have been dismissed.

The parties indicate that the '795 patent is the subject of six infringement lawsuits in the District of Delaware which are on-going. Other matters involving the '795 patent have been dismissed.

Each of the captioned *inter partes* review cases is in its preliminary stage. The Petition in each of the captioned cases has not been granted. Under these circumstances, the Board determines that it is appropriate to enter judgment⁴ and terminate each of the trials without rendering a final written decision under 37 C.F.R. § 42.72.

⁴ A judgment means a final written decision by the Board, or a termination of a proceeding. 37 C.F.R. § 42.2.
