Aligned for better business outcomes

HPE is the leading SAP HANA® hardware provider with a full set of infrastructure offerings that enable SAP customers to start small and scale infinitely.

HPE is a single strategic provider of the full technology stack of SAP-focused assets and solutions. This capability combined with an extensive HPE SAP services team and partner program provides a fully integrated approach for customers. Our HPE Converged Infrastructure solutions, HPE Converged Systems, and HPE Hyper Converged offerings support application consolidations—a primary goal of the SAP digital core.

HPE helps customers achieve the outcomes—with IoT–aware systems, including real–time visibility, predictive analytics, Big Data, and more—which directly align with the SAP digital core (S/4HANA).

Why choose HPE and SAP

Leveraging an extensive portfolio of assets, we can combine the right-fit infrastructure, software, and services to create an integrated Digital Core (i.e., S/4HANA) that:

- Simplifies and consolidates your IT landscapes and applications.
- Reinvents competitive business models to drive new revenue and profits.
- Provides real-time insights into all your business processes to reveal new opportunities.
- Delivers the agility you need to change at the speed of business.
- Optimizes your business services and user experiences.

SAP runs HPE:

- HPE and SAP share 25,000 joint customers worldwide.
- For 30 years, we have shared a collaborative partnership.
- 46% of SAP licenses run on HPE systems.

Joint solutions

Together, HPE and SAP deliver joint solutions and services that are:

- Proven—Offering decades of technology leadership and depth of industry experience.
- Open—Delivering SAP-certified solutions built on open HPE systems.
- Modular—Enabling you to start from whatever SAP environment you have, and build or modernize from there.
- Business-centric—Delivering the best solutions for meeting your unique needs.
- Innovative—Aligning our solution roadmaps, and sharing ideas and approaches in dedicated competence centers.
- Backed by comprehensive services—Offering 24x7 reactive support services and mission-critical support for SAP solutions running on HPE platforms.
