Where are the Webex Data Centers and iPOP Locations?

Feedback?

The Webex Meetings data centers and Internet Point of Presence (iPOP) are currently located in the following countries:

Data Centers:

Geo	Location
North America	California, USA Texas, USA Virginia, USA New York, USA Toronto, Canada Montreal, Canada
Europe	Amsterdam, Netherlands London, UK Frankfurt, Germany
Asia Pacific	Bangalore, India Singapore Sydney, Australia Melbourne, Australia Tokyo, Japan
Middle East and Africa	Jeddah, Saudi Arabia Riyadh, Saudi Arabia

IPOP (Internet Points of Presence)

Geo	Location
North America	California, USA (Los Angeles & San Jose) New York, USA Texas, USA
Europe	Amsterdam, Netherlands
Asia Pacific	Sydney, Australia Melbourne, Australia

The User-Generated information is stored in the data center closest to the user's location, or as provided during the ordering process. The billing data is stored in Texas, USA and North Carolina, USA, and the Webex Analytics data is stored in California, USA and Texas, USA. For free user accounts, the data may be stored in a Webex data center outside the account holder's region.

Note: The Webex Meetings data center locations may change from time to time.

For more information on Cross-Border Data Transfers, see: Cisco Webex Meetings Privacy Data Sheet
