SPECIAL REPORT

PC Magazine At Home

POWERHOUSE

BY BILL HOWARD Home PCs come in two categories:

those meant for more experienced users and those designed for first-time buyers who need a little more help getting to know their systems. We've rounded up 11 of the top home computers on the market and put them through their paces. Find out which machines offer you the most power and performance, which have all the extra touches to make their setup and operation as fast and painless as possible, which come with the extra software and accessories you want, and which one has the best mix of features for a price that fits your budget 299

Corporate Intranets

The Web Within

The tools and technologies that made the Internet the biggest computing craze of the decade are now letting thousands of companies share information inside their own networks. But how does this new platform compare with what you're already using to run your business? In this three-part look at intranets, we examine the overall phenomenon and show how major vendors are approaching the intranet market. We review several products that give you the means to collaborate with other intranet clients using Web browsers, and we also provide a guide for setting up your own intranet 100

The Intranet Platform: A Universal Client?

BY FRANK J. DERFLER, JR. The promise of the intranet: a simple cross-platform solution that delivers information anywhere in your corporate network, instantaneously. Though intranet tools today may lack the sophisticated features of other client/server systems—just wait! 105

Intranet Products: Content and Collaboration

BY TONY POMPILI How do today's intranet applications stack up against classic groupware tools? We compare nine intranet products that put the Web at the center 115

Intranet How-To: Setting Up Shop

BY RICK AYRE As with any other information system, the key to deploying an intranet successfully is planning. Here we tell you what you need to consider to get your company in the Web.....151

Information Managers

Good-Bye, Rolodex! So Long, Sticky Notes!

BY DON WILLMOTT If you haven't automated your contacts, schedules, tasks, and information, now's the time. Whatever your needs may be, today's information managers offer such a selection that your work style can truly dictate which product ends up on your PC. And many packages now let you maintain this organization anywhere as you replicate on the road. Out of the 18 products we review, one is bound to help you get rid of the sticky notes, address files, calendars, and planners that dominate your desk 165

Subscription Inquiries, Address Changes

Subscription Services: For subscription service questions, address changes, or ordering information, call 303-665-8930 in the U.S., 303-665-8930 in Canada, or 303-604-7445 elsewhere. You can send faxes to 303-604-7455, or 303-604-0540 outside the U.S. Or write to PC Magazine, P.O. Box 54093, Boulder, CO 80322-4093.

Subscription Rate: The subscription rate is \$49.97 for a one-year subscription (22 issues). Canada and all other countries, please add \$36.00 for postage.

Back Issues: For back issues (subject to availability), \$8 per issue (\$9 outside the U.S.), send check or money order to Back Issues Dept., Ziff-Davis Publishing Company, P.O. Box 53131, Boulder, CO 80322-3131.

PC Magazine CD: PC Magazine CD, the interactive CD-ROM companion to PC Magazine, is available quarterly. To order (\$49.95 per year in the U.S., \$72 in Canada, \$99 elsewhere), please call 800-335-1195, or 303-665-8930 outside the U.S. and Canada. Or write to PC Magazine CD, P.O. Box 59494, Boulder, CO 80322-9494.

Customer Lists: We periodically make lists of our customers available to carefully screened mailers of quality goods and services. If you do not wish to receive such mailings, please write to us at PC Magazine, P.O. Box 54093, Boulder, CO 80322-4093.

How to Contact the Editors

We welcome letters. However, we cannot look up stories from past issues, recommend products, or diagnose problems with your PC by phone. Send your written questions, complaints, and compliments to PC Magazine, One Park Ave., New York, NY 10016-5802. Please include a daytime telephone number. Send electronic mail to MCI Mail box 157-9301, to CompuServe address 72241,104, to Internet address 157.9301@mcimail.com, or to PC MagNet (see below). PC Magazine's general number is 212-503-5255. The West Coast Operations number is 415-378-5500.

If you are dissatisfied with a product advertised in PC Magazine and cannot resolve the problem with the vendor, write (do not call) Beatrice Olivas, Advertising Department, at the above address. Include copies of your correspondence with the vendor.

PC Magazine does not accept unsolicited manuscripts. We will pay \$50 for Solutions and Programming user tips and for Abort, Retry, Fail? submissions. If you submit artwork or clippings with Abort, Retry, Fail?, mark up a photocopy, not the original.

PC Magazine Online

PC Magazine is on the World Wide Web (<http://www.pcmag.com>) and The Microsoft Network (Go To pcmagazine), and it operates PC MagNet, an online service of ZD Net, hosted by CompuServe. To join PC MagNet, call 1-800-895-4596 and ask for the PMZ offer, or set your communications software for 7 data bits, even parity, 1 stop bit, and full duplex. To find the number nearest you, dial 800-346-3247. (In Canada, dial 800-635-6225, voice only.) At the Host Name prompt, enter PHONES. Follow the menus, note the number closest to you, then hang up and dial the number. At the HOST NAME prompt, enter CIS. At the USER ID prompt, enter 177000,5000. Enter PCMAGNET at the PASSWORD prompt and PCMCIS95 at the ENTER AGREEMENT NUMBER prompt. When you join ZD Net, you will be enrolled in both ZD Net and CompuServe, for a charge of \$13.45 a month. The connect-time charge is \$2.95 an hour, billed by the minute. For member services, call 800-848-8990.

To obtain the current utility on PC MagNet, type GO ZNT: FREEUTIL. You can also obtain it from our World Wide Web site, or you can download it from our anonymous FTP server at <ftp.pcmag.ziff.com>. You can receive the free utility on-disk by faxing your request to 508-368-0141.

The battery life of a Dell® Latitude™ XPi notebook is, in relative terms, quite large. Something we think you'll appreciate when you're at the airport and downloading a day's worth of e-mails that are awaiting your response.

In fact, in "Cross Country"™ tests* conducted by VeriTest, inc., a leading independent test lab, the Dell Latitude XPi P75D notebook lasted an average of four hours and forty minutes. Of course, actual battery life will vary depending on the nature and use of your configuration.

Call us today to order a Dell Latitude notebook. You'll work longer. You'll work better. All without having to drag a huge battery everywhere you travel.

DELL®

POWERCD 8300, P75, DSTN DISPLAY, 8MB RAM 540 H.D.*

Think of it as a supercomputer with a touchpad.

Move over Hal. Because AMS has given birth to a new, portable giant. We named it the PowerCD Notebook. With a Pentium® processor waiting to be unleashed, 40MB of RAM ready to perform, and storage space for up to 1.2 Gigs, the PowerCD is truly one super computer.

As one of the most complete, most powerful, feature-rich, multimedia notebooks available today, this small but mighty powerhouse is fully optimized for 75 to 120 MHz Pentium® processors and will blow the lid off other notebooks. There's a 256KB external level II

secondary cache that gives you a command performance every time. Plus, an internal PowerCard port for networking, high-speed communications and impressing your friends. With the PowerCD's ability to display direct to TV, or effortlessly handle full-screen MPEG video and CD-quality sound, you can give a presentation that's worthy of a sequel.

There you have it. Power. Performance. Features. Available now from AMS. And nobody can touch it. For more information, call 800-868-8108.

- PCI Plug-N-Play System Supports Pentium® 75, 90 and 120 MHz CPUs
- Internal 2X/4X CD-ROM with full Digital Audio/Video Support
- 2MB VRAM and 256 Level II Cache for Outstanding Performance
- Supports up to 40MB of RAM and over 1 Gig of Hard Disk Storage
- Built-in PC Card Type III, Wireless Infra-Red and NTSC Direct TV Ports
- Support for Internal Fax/Modem, MPEG Module and AMS PowerCards
- Optional PowerCard Modules Include Ethernet, SCSI, ISDN and More
- Full 3 Year Parts and Labor Warranty

The good news is,

you're always

connected

to the office.

The bad news is,

you're always

connected

to the office.

**INTRODUCING THE DIGITAL HINOTE™ VP.
QUITE POSSIBLY, THE ULTIMATE IN CONNECTIVITY.**

Being out of the office no longer means being out of touch. Not if you arm your warriors with the Digital HiNote™ VP notebook. Connectivity has never been easier. Easier because the Digital HiNote™ VP is network-ready with DMI support—it comes preloaded with ClientWORKS™ that lets you keep a watchful eye on things, and it has an optional port replicator with a built-in ethernet card that instantly connects to your network and other desktop peripherals. And all this road weaponry (take a gander at the spec box, too) comes at “motel” prices. Just

to stay connected around the clock. They’ll just love that, won’t they?

finally be able

ALLIANCE FOR ENTERPRISE COMPUTING

12.1" DISPLAY, 1024 x 768 RESOLUTION

Watch brilliant colors spring to life on a display so large, it rivals desktop monitors. 1024 x 768 resolution provides the sharpest images ever found in a portable and 64% more workspace than 800 x 600 resolution.

NEW TECHNOLOGY

ZOOMED VIDEO

Toshiba's innovative Zoomed Video (ZV) architecture drives portable multimedia into an amazing new dimension. Simply insert an industry standard ZV PC Card and the task of transferring video data is automatically offloaded from the system bus. This means you get advanced multimedia capabilities such as video conferencing, on-screen television and support of current MPEG1 and future MPEG2 video playback.

NEW TECHNOLOGY

CARDBUS

Tecra's two PC Card slots support 16-bit PC Cards and are ZV card and CardBus ready.

TECRA

720CDT

- 1024 x 768 resolution

710CDT

- 800 x 600 resolution

BOTH MODELS

- 12.1" dia. color active matrix display
- 133MHz Intel Pentium® Processor (2.9v) with 256KB of level 2 cache

- 16MB of high speed EDO memory (expandable to 144MB)
- Removable 1.2 billion byte (=1.13GB) HDD
- PCI system-bus architecture
- HiQVideo™ multimedia PCI graphics controller with 64-bit BitBLT graphics acceleration, interpolation and scaling
- Modular 6X CD-ROM drive
- Lithium Ion battery
- 16-bit Sound Blaster™ Pro compatible audio system

- Integrated 28.8Kbps data/fax modem with telephony capabilities
- Supports two Type II or one Type III 16-bit PC Card(s); ZV card and 32-bit CardBus ready

- 3-year limited warranty
- Toll-free technical support – 7 days a week, 24 hours a day

Designed for

Microsoft®
Windows®95

133MHz IN FULL MOTION.

NEW TECHNOLOGY

FULL-MOTION VIDEO

The new HiQVideo™ PCI graphics controller with 64-bit BitBLT turns multimedia fantasy into fact. With hardware zoom and YUV to RGB conversion, you can have full-screen, full-motion video with an amazing depth of color and high-quality resolution.

NEW TECHNOLOGY

133MHz PENTIUM® TECHNOLOGY

Tecra combines the fastest notebook processor available today with a 256KB level 2 cache and EDO memory expandable to 144MB. The PCI architecture offers blazing video and data throughput while Tecra's 2.9v CPU delivers premium performance without compromising battery life.

INTEGRATED COMMUNICATIONS

Join a conference call from your notebook. Switch to answering machine mode while you prepare a fax. A built-in 28.8Kbps data/fax modem, full-duplex speakerphone and RJ-11 phone jack put a world of advanced communication features at your fingertips.

NEW TECHNOLOGY

6X CD-ROM Get 50% more speed than a 4X CD-ROM when accessing video, sound and data on CD. Or, using Toshiba's SelectBay™, interchange the modular CD-ROM drive with the floppy disk drive in seconds.

NEW TECHNOLOGY

DESK STATION V PLUS

Unlock all the expansion possibilities you need with two PCI/ISA expansion slots, an additional dedicated PCI slot and two Type III PC Card slots (32-bit CardBus ready). Desk Station™ V Plus also features Windows® 95 hot-docking capabilities and a SelectBay for the ultimate in convenience and flexibility.

THE NEW TECRA™. THE NEWEST TECHNOLOGY. Tecra combines the brand new 133MHz mobile Pentium® processor with screaming-fast PCI architecture and Zoomed Video technology that brings unprecedented video and graphics performance into the portable realm.

And with memory expandable to 144MB, you can have more than you've ever experienced in a notebook computer. Add to that a giant 12.1" display and a 1.2 billion byte hard drive and you've got a system that will put you in full motion instantly. For more information visit the Toshiba website at <http://www.toshiba.com>, or for a dealer near you, call 1-800-457-7777.
