Trials,

As there was once again no meet-and-confer, and no explanation offered as to why the Board cannot simply provide for a Reply if it deems such helpful once receiving both sides, Petitioner opposes.

Subject: IPR2022-00182: Motion for Recusal and Vacatur

Your Honors,

Centripetal is in receipt of the Order granting Petitioner's request to file an Opposition to Centripetal's Pending Motion for Vacatur and Disqualification without authorizing a Reply. Centripetal did not object to Petitioner's request because oppositions and replies to motions are permitted as a matter of course under 37 C.F.R. 42.24. Under the Consolidated Trial Practice Guide, only Sur-

Replies must be specially authorized. An issue of this critical importance calls for full briefing where the moving party is entitled to respond to issues raised in Petitioner's Opposition. As such, Centripetal seek authorization to file a Reply to Petitioner's Opposition.
