Patent Owner University of Washington (“Patent Owner”) hereby files updated mandatory notices pursuant to 37 C.F.R. § 42.8(a)(3) in order to update the listing of related matters.

I. RELATED MATTERS

On November 14, 2023, a jury in the related district court proceeding *TwinStrand Biosciences, Inc. et al. v. Guardant Health, Inc.*, Civil Action No. 1:21-cv-01126 (D. Del.), issued a verdict finding, *inter alia*, that Petitioner Guardant Health, Inc. (“Petitioner”) willfully infringed asserted claims 24 and 30 of U.S. Patent No. 10,760,127 (“the ’127 patent”). On February 6, 2024, the Court entered a judgment in favor of TwinStrand Biosciences, Inc. and Patent Owner in the amount of \$83.4 million. The Court also entered judgment in favor of TwinStrand Biosciences, Inc. and Patent Owner and against Petitioner with respect to validity of asserted claims 24 and 30 of the ’127 patent. On June 16, 2026, the Court ruled on post-trial motions upholding the jury verdict and granting an ongoing royalty of 6% on the accused products and services, pre-judgment and post-judgment interest, and supplemental damages.

On August 21, 2026, the Court entered a Final Judgment in favor of TwinStrand Biosciences, Inc. and Patent Owner and against Petitioner with respect to: (i) validity of claims 24 and 30 of the ’127 patent (the two claims of the ’127 patent tried to the jury and two of the challenged claims in this IPR proceeding),

(ii) willful infringement of claims 24 and 30 of the '127 patent, and (iii) damages in the amount of \$83.4 million based on the jury verdict. The Court also awarded TwinStrand Biosciences, Inc. and Patent Owner supplemental damages, ongoing royalties, and pre- and post-judgment interest. The total damages awarded was approximately \$245 million through August 7, 2026 with ongoing royalties continuing to accrue. Guardant has indicated that it intends to appeal the judgment.

Respectfully submitted,
