The screenshot displays the ACS Publications website for the journal *Bioconjugate Chemistry*. The top navigation bar includes links for Log In, Register, Cart, and Website Demos. The journal's logo and name are prominently featured. A search bar is located in the upper right, with options for searching by Citation or DOI. The main content area shows the journal's cover image and a list of articles. The article 'Synthesis of C-Linked Triazole-Containing AFGP Analogues and Their Ability to Inhibit Ice Recrystallization' is highlighted, showing its title, authors (Chantelle J. Capicciotti, John F. Trant, Mathieu Leclère, and Robert N. Ben), and publication details (April 1, 2011). The article is available in Full Text HTML, Hi-Res PDF, and PDF w/ Links formats. The right sidebar contains thematic collections and announcements. The bottom of the page shows the article's figure and navigation controls.
