William Hill now brings you a whole new dimension to football betting, Cash In My Bet.

Gone are the days where you are at the mercy of a late goal to sink your bet, now you can take a profit while the match is being played and the final result will make no difference to you.

Here's an example of the added flexibility Cash In My Bet brings.

£5 is placed on a treble of West Ham (3/1), Everton (7/4) and Tottenham (6/5). The first 2 games are played at 3pm and both teams go on to win, while Tottenham is due to kick off at 5.30pm. At this point the bet can be cashed in for £50, making a profit of £45 regardless of what happens in the Tottenham game.

It really is as simple as that.

How do I Cash In My Bet?

Cashing in your bet could not be easier.

Firstly place your football bet. This can be a single or a multi. As soon as you place your football bet you'll have a 'cash in' value attached to it.

Live At	19:45 UK	Brentford v Bradford	1/2	10/3	5/1	+106 Bets		
Live At	19:45 UK	Brighton v Millwall	11/10	23/10	5/2	+101 Bets		
Live At	20:00 UK	Inter Milan v Verona	7/20	19/5	8/1	+101 Bets		

Then whenever you think about cashing in go to the 'Open Bets' tab on the betslip and details of your bet(s) will appear.

As each leg of your accumulator wins, or even if your team goes ahead in the game, your cash in value will increase. The more legs of the accumulator and the later in the game you leave it the higher the value.
