Counsel,

From the Board –

Patent Owner's unopposed request is granted. Patent Owner should file its corrected sur-reply within five business days. The only changes that may be made in the corrected sur-reply are the removal of references to Ex. 2021. Exhibit 2021 will also be expunged, as requested.

Dear Board,

In this case (IPR2023-00273), Patent Owner's sur-reply is due today (12/21). Patent Owner timely filed its sur-reply earlier today. However, Patent Owner also submitted a supplemental declaration of its expert (Ex. 2021, Supplemental Declaration of Dr. Stein) along with the sur-reply.

By way of this email, Patent Owner (1) requests that Ex. 2021 be expunged from the record, and (2) requests permission re-file its sur-reply, with the only changes to the sur-reply being the removal of any references to Ex. 2021.

The parties have conferred on this matter, and Petitioners do not oppose Patent Owner's request.

Thank you,

Timothy J. Murphy
