HUNTINGTON BEACH, Calif., Feb. 8, 2011 /PRNewswire/ -- Introducing Xploderz™ (www.xploderz.com), a new firing system that will change the way kids shoot forever! Offering new levels of action and excitement for older kids 8+, Xploderz deliver more distance and more ammo than ever before. Thrill-seekers who grew up with foam dart guns can now add Xploderz to their arsenal as an alternative to video games. The immersive Xploderz experience gives kids more distance, more ammo and more fun.

Created by The Maya Group, The XBlaster 200™, Face Off 400™, XStormer 1000™ and XRanger 2000™ shoot ammo made with H2Grow™ Technology up to an amazing 85 feet. The ammo disintegrates on impact. Each Xploderz Blaster comes with an interchangeable ammo clip that holds up to 70 rounds before needing a reload.

"The Xploderz concept has been an instant hit with toy buyers in North America and around the world," said Ron Brawer, a partner in The Maya Group, and an inventor of the Xploderz line. "There's a huge gap in blaster products between foam darts and paintball, Xploderz is going to fill that gap!"

The Xploderz line-up makes its North American debut at the American International Toy Fair in New York City February 13-16. Already generating international buzz, Xploderz were named a Best New Toy of 2011 by the British Toy and Hobby Association during the London Toy Fair.
