Patent No.: Patent No.: 10/726,102

Dear Honorable Board,

Patent Owner's Preliminary Response was due May 10, 2023. The Response was ready for filing. However, the paralegal in charge did not make the filing, thinking it was due on Friday. The missed filing was by accident and not done intentionally or with any intent to deceive.

We therefore request permission to submit the Preliminary Response late, either today, or as soon the Board grants leave for the late filing.

We sent emails and made phone calls to counsel for Petitioner seeking their position on, but we have not yet received a response on whether they oppose the late submission. We will update the Board when we receive a response.

Very respectfully,

Jacob B. Henry
Counsel for Patent Owner
