BEFORE THE PATENT TRIAL AND APPEAL BOARD

SAMSUNG BIOEPIS CO., LTD.,
Petitioner

v.

REGENERON PHARMACEUTICALS, INC.,
Patent Owner

Case IPR2023-00442
Patent No. 10,130,681 B2

**PATENT OWNER'S STATEMENT OF OBJECTIONS TO PETITIONER'S
DEMONSTRATIVES**

Pursuant to the Board's April 2, 2024 Order (Paper 47) Patent Owner Regeneron Pharmaceuticals, Inc. submits the following Statement of Objections to Petitioner's Demonstratives:

Patent Owner's Objections to Petitioner's Demonstratives:

1. The following demonstratives include improper new claim construction evidence and argument not presented in Petitioner's briefing: 18.
2. The following demonstratives either lack citation to Petitioner's briefing or provide citations to the briefing that do not correspond to the content of the demonstrative: 18.

Patent Owner met and conferred with Petitioner on April 16, 2024, and attempted to narrow the issues on the Parties' respective objections. Specifically, following the meet and confer, Patent Owner made revisions to its demonstratives, as requested by Petitioner, and has now dropped all but one of Patent Owner's objections to Petitioner's demonstratives. Patent Owner would prefer not to burden the Board with objections to demonstratives, but is maintaining its objection to Petitioner's Slide 18 to ensure that the Parties' objections are considered in parity, given that Petitioner has refused to revise Slide 18 and/or to drop Petitioner's objections to Patent Owner's demonstratives.

Dated: April 17, 2024

Respectfully Submitted,
