Counsel,

The Board authorizes Petitioner to file a Motion to Expunge Paper 24 and Exhibits 1049 and 2054. Also, Petitioner should indicate, in its Motion to Expunge, whether it withdraws its Motion to Seal and that the Motion to Expunge is unopposed.

Dear Trials,

In view of the statutory disclaimer filed by Regeneron, Petitioner, Celltrion respectfully requests that the unredacted version of Dr. Tarantino's deposition (EX2054 and EX1049), as well as the unredacted version of the Patent Owner Response (Paper 24), be expunged. Petitioner has conferred with Patent Owner, Regeneron, and Patent Owner does not oppose. Petitioner is happy to file a motion to that effect if the Board would find it helpful.

Best,
Lora

Counsel,

The Board will be entering adverse judgment in IPR2023-00462 because Patent Owner has disclaimed all claims of U.S. Patent No. 10,464,992. The Board has not yet ruled on Petitioner's pending Motion to Seal and requests that the parties meet and confer to determine whether this issue can be resolved by the parties or whether they would like the Board to rule on it.
