Hi,

Thank you for your response. The three videos we want to upload are 50MB, 150MB and 344MB. What is the max MB a single upload can be? We want to make sure that we break up the videos correctly. My attorney also wanted me to ask if its possible we can mail in a thumb drive to submit the videos instead?

Thank you so much for your help.

Best regards,
Sarah

Good afternoon Sarah,

If the file is too large, it will need to be broken up in order to upload.

Hi,

My attorney, Kelly Cunningham, wanted me to reach out and inquire about how to upload a large document in an Inter Partes Review matter. There are a few videos that we would like to upload as Exhibits but the system says they are too large to upload. What is the proper way to submit these Exhibits?

Thank you,
Sarah
