INTEX®

2014 COMFORT REST™

Comfort Rest™

INTRODUCTION

The Intex Family of companies is dedicated to developing and manufacturing the highest quality products that not only provide the best value in price, but are innovative, fun and exciting. Backed by excellent Customer Service, Intex also provides first-rate after sales support. The 100+ independently owned and locally operated companies that make up the Intex Family, all embrace this commitment to quality, service and price and are committed to working together to ensure the satisfaction of the families and individuals across the globe who enjoy these products. This has become the hallmark of Intex around the world.

As a true industry leader, Intex boasts state of the art factories, trained and motivated people, products that meet rigorous testing requirements, and a Customer Service organization that will go extra lengths to ensure our customers are satisfied and happy with their purchases.

That's why when you purchase an Intex product you can be confident that you are buying the best product, at the best price, backed by the best Customer Service organization in the industry.

2014

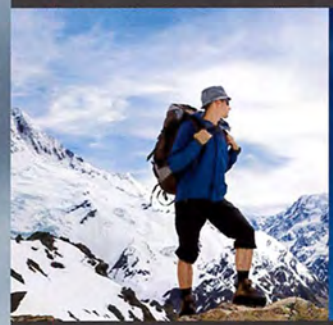

Intex is committed to delivering top quality products at a great value with the backing of a responsive Customer Service organization. Our Airbed line is unmatched for breadth and beauty. Our Comfort Rest™ line consists of three series designed to meet all of your customers' needs: the "Outdoor" series is engineered for camping, travel, and all-around rugged use. It features stain-resistant materials, with beds perfectly suited to the outdoor environment. The "Inhome" series offers a wide selection of standard height and luxurious raised beds in a range of colors, sizes, and accessories to fit all decors and budgets. And for the young at heart, our "Air Furniture" series comes with bright colors and fresh design concepts, guaranteed to attract a loyal following of young adults! Ask your Intex representative for any of our product catalogs – we are confident that you will agree that Intex's product line is unmatched in meeting your needs.

INTRODUCING

DURA-BEAM™ TECHNOLOGY

by INTEX®

CONTOURED SUPPORT SYSTEM

Our new innovative, patent pending Dura-Beam™ Technology airbeds are comprised of thousands of high-strength polyester fibers. Unlike traditional airbed construction, these high-strength polyester fibers do not stretch over time, resulting in amazing durability for years of lasting comfort. Dura-Beam™ interior construction provides the ideal firmness for superb support and rejuvenating sleep.

ROLL 'N GO™ BED

WITH DURA-BEAM™ CONSTRUCTION

This PVC Free airbed is constructed of laminated TPE, which means it is:

- Super Tough – Softens up the rough outdoors with a very durable, eco-friendly material
- Strong Support System – Inflates up to three times the pressure of a regular PVC junior-twin airbed for a firmer sleeping surface
- Ultra Lightweight – Weighs approximately one fourth less than a common junior-twin PVC constructed airbed

AIRBED WITH HAND PUMP

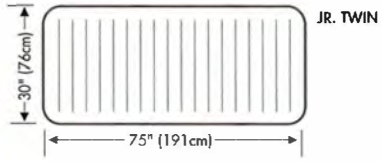

Item	Size	Approximate Inflated Size	Hand Pump	Case Pack	Case Weight
68711 / E	JR.Twin	30" x 75" x 6" (76cm x 191cm x 15cm)	68612	4 Ea.	23.0 Lb (10.5kg)

Patent pending Dura-Beam™ Construction

Made with ultra lightweight phthalate-free material

Portable and Compact

new!

NO PVC™

For the true outdoor camper, Intex is proud to introduce an improved, ultra lightweight, eco-friendly Airbed.

This PVC-free laminated bed is built with our new, patent-pending Dura-Beam™ construction. Combined with an extra-strong, lightweight TPE outer surface, this Bed is ultra strong, ultra light, and ultra convenient. Perfect for the Great Outdoors! For extra convenience, the Roll 'N Go™ Bed comes with a hand-held manual air pump.

Ultimate Outdoor Bed with Inflating Pump

- Quality tested 14.4 gauge (0.36mm) specs
- Eco-friendly TPE laminated fabric – phthalate-free material
- Dura-Beam™ interior construction
- Hand-held hi-output lightweight manual air pump
- Folds compactly for storage
- Duffel bag with handle included
- Shelf box

NO PVC™

MAXIMUM DURABILITY

The strong TPE (Thermoplastic Elastomer) laminated material and innovative Dura-Beam™ inner construction transform the toughest ground into a refreshing night's sleep. It retains elasticity in temperature as low as -4° F/-20° C.

Made of TPE – A PVC-free eco friendly material

Intex is proud to introduce a Mid-Rise Airbed for demanding consumers that's sure to delight their guests.

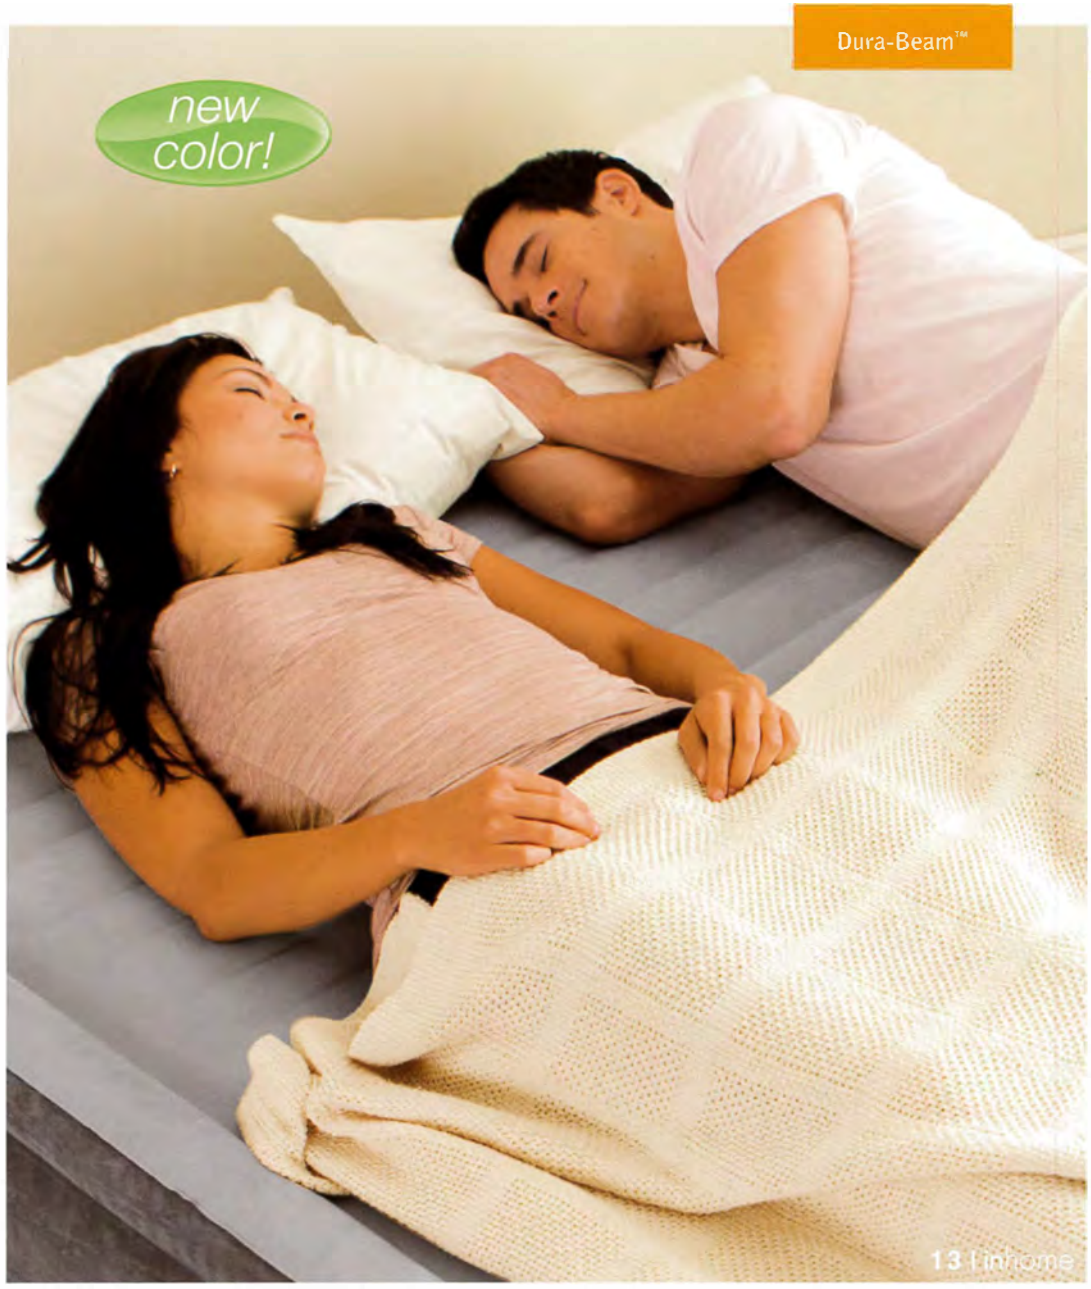

Our patent-pending Dura-Beam™ construction replaces traditional vinyl beams with beams comprised of thousands of high-strength spun polyester fibers. These revolutionary, eco-friendly Dura-Beam™ fibers are significantly stronger and lighter than traditional beams, and they do not stretch over time under air pressure. So they provide an amazingly comfortable and supportive sleeping surface with just the right amount of firmness.

The sleeping surface is covered in soft flocking for extra comfort, and for increased stability the entire bed is surrounded with an additional air chamber. A built-in electric pump provides further convenience.

Designed for Comfort. Engineered for Durability.

Our new Comfort-Plush Elevated Series is our latest edition to the revolutionary Dura-Beam™ Technology airbed line.

Innovative Dura-Beam™ Technology airbeds are comprised of thousands of high-strength polyester fibers. Unlike traditional airbed construction, these high-strength polyester fibers do not stretch over time, resulting in amazing durability for years of lasting comfort. Dura-Beam™ interior construction provides the ideal firmness for superb support and rejuvenating sleep.

Each bed is covered in plush flocking that is soft to the touch, and the horizontal air chambers provide added stability and support around the entire bed. The bed's elevated height makes it easier to get in and out of, much like a traditional mattress. For extra convenience, this bed comes with a powerful built-in electric pump for fast inflation and deflation.

Designed for Comfort. Engineered for Durability.

Easy snap-buckles convert one bed into two beds!

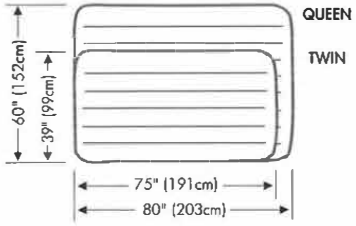

2-in-1 Valve

Extra-wide valve openings for fast inflating and deflating

Our 2-in-1 Bed is still the most flexible, all-purpose airbed: Two beds in one! Attached by four snap-buckles, it easily converts from a flocked high-rise bed into two single height beds. Both beds have plush flocked surfaces for soft comfort and provide a restful night's sleep. It's incredibly easy to maintain and is the perfect bed for consumers who have multiple house guests, for kids' sleepovers and for family camping trips. Its versatility makes it one of the most popular beds in our collection!

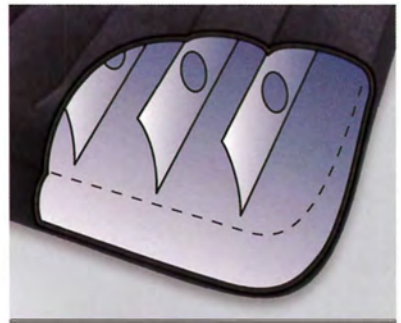

ELEVATED BED CONVERTS TO TWO SEPARATE BEDS

- Quality tested 20.8 gauge (0.52mm) waterproof flocked top with 15 gauge (0.38mm) vinyl sides and bottom
- 2-in-1 valve has extra-wide openings for fast inflating and deflating
- Four snap-buckles turn 1 high-rise bed into 2 single layer beds for more guests
- Dual wave beam construction provides an added level of sleeping comfort
- Flocked sleeping surface for extra comfort all night long
- Conventional mattress sizes (L x W) for more sleeping area and a better fit for sheets
- Folds compactly for easy storage or travel
- Shelf box

Our Raised Downy Bed is the perfect bed for consumers who are used to sleeping on raised surfaces. Your house guests will love the support and firmness created by the dual chamber construction. Indented sides help grip fitted sheets. The outer perimeter frame on both top and bottom provides additional stability and support making this bed the ultimate Comfort Rest™ experience.

ELEVATED FOR COMFORT & CONVENIENCE

- Quality tested 21.2 gauge (0.53mm) waterproof flocked top with 15 gauge (0.38mm) vinyl sides and bottom
- Dual-chamber construction. The lower chamber functions as the box spring form on a traditional bed, providing extra firmness and support. The upper chamber functions as a mattress
- 60" x 80" (152cm x 203cm) queen-sized mattress is raised 22" (56cm) from the floor for convenience
- Cozy flocked mattress top
- Deflates completely for travel and storage
- Includes hand carry bag
- Shelf box

Our top of the line Supreme Air Flow Bed is engineered to provide the ultimate comfort with the look and feel of a real high end bed! A network of inter-connected air pockets on the top and sides of the bed cause the air to flow smoothly and gradually across the sleeping surface for unbelievable comfort and stability. The dual chamber construction provides firm support and allows for fitted sheets to tuck in easily. Topped with super soft Velvetaire™ flocking, this bed rivals a traditional mattress, providing a premium sleeping experience.

ELEVATED WITH BUILT-IN ELECTRIC PUMP

- Quality tested 26.4 gauge (0.66mm) super soft Velvetaire™ flocked top and sides with 15 gauge (0.38mm) vinyl bottom
- Dual chamber construction consists of I-beams in bottom chamber and coil beams in upper chamber that is surrounded on top and sides with a layer of inter-connected air cells to ensure gradual, smooth airflow across the entire surface of the bed
- Mattress is raised 20" (51cm) from the floor for convenience
- Mattress quickly and easily inflates and deflates with a high-powered built-in electric pump
- Cozy flocked fabric mattress that allows for sheets to be easily tucked in
- Includes hand carry bag
- Shelf box

Frame	1½ minutes

* *Inflating time varies by desired firmness*

The newly redesigned Comfort Frame Bed brings you a mattress comfortable enough to sleep on every night. The bed's new horizontal air chamber construction provides enhanced stability and comfort. The plush headboard provides additional support and keeps pillows away from the ground. The bed is covered in plush Velvetaire™ flocking for a luxurious sleeping surface. Bed sheets tuck easily and securely around the inner mattress which then slips into the inflated frame. This bed can also be converted into two separate beds by removing the inner mattress. Bed includes a hand-held electric pump and carry bag for added convenience and storage.

HEADBOARD FRAME BED WITH REMOVEABLE INNER MATTRESS FOR ADDED VERSATILITY

- Quality tested 26.4 gauge (0.66mm) super soft Velvetaire™ flocked top and sides with 15 gauge (0.38mm) vinyl bottom
- Mattress is raised 16½" (42cm) from the floor for convenience
- New horizontal chamber construction provides added stability and support
- Plush Velvetaire™ flocked sleeping surfaces
- Includes powerful hand-held electric pump
- Includes hand carry bag
- Folds compactly for storage or travel
- Shelf box

FUNCTION	OPERATION
Flashlight	Choose between three power levels (8%, 50%, 100%) plus adjustable focus to meet all flashlight needs.
Hanging Lantern	Choose between three power levels to operate in floodlight mode with lantern suspended.
Table Top Lantern	Select lantern mode: 8% power level is perfect for a nightlight, while 50% and 100% levels are ideal to light up rooms, garages, RVs, or tents.
Hazard Light	Flashes an amber-colored warning light. A must-have for car & boat owners, campers, and other travelers.
Emergency Beacon	At full power, the international SOS signal autoflashes at up to a full kilometer, easily recognizable by rescue personnel.

Operates on 3 AAA batteries (not included) and comes with 2 extra battery holders that can be quickly inserted for immediate use.

ACCESSORIES

ELECTRIC PUMPS

These Quick-Fill™ electric pumps have a sleek, aerodynamic design that fits perfectly in the palm of your hand, yet still inflate even the largest of inflatables in a breeze.

new!

#66631 (110-120V)
#66632 (220-240V)

Quick-Fill™ AC/DC Electric Pump features include:

- 3 interconnecting nozzles
- 12V DC & AC power adapter for easy Outdoor and Indoor use
- ETL approved (110 – 120V)
- CE approved (220 – 240V)
- Shelf box

Quick-Fill™ BATTERY Pump features include:

- 24% more air flow than previous version (#68639)
- Operates on 6 C-cell size batteries
- 3 interconnecting nozzles
- CE approved
- Shelf box

#68638

Quick-Fill™ DC Electric Pump features include:

- 3 interconnecting nozzles
- Plug into 12V DC automobile cigarette lighter or 12V DC accessory outlet
- ETL approved
- CE, GS approved
- Shelf box

#66626 (12V)

Quick-Fill™ AC Electric Pump features include:

- 3 interconnecting nozzles
- Thermo protector incorporated for safety
- ETL approved (110 – 120V)
- CE, GS approved (220 – 240V)
- Shelf box

#66619 (110-120V)
#66620 (220-240V)

Quick-Fill™ AC Electric Pump features include:

- 3 interconnecting nozzles with hose
- Thermo protector incorporated for safety
- New shape with easy carry handle
- ETL approved (110-120V model)
- CE, GS approved (220-240V model)
- Shelf box

#66623 (110-120V)
#66624 (220-240V)

Quick-Fill™ High PSI Indoor/outdoor Electric Pump features include:

- 3 interconnecting nozzles with hose
- For both indoor and outdoor use - plugs into cigarette lighter or household electrical outlet
- 2-speed switch
- Inflates athletic balls up to 12 psi
- Detachable DC cigarette cord
- ETL approved (110-120V)
- CE, GS approved (220-240V)
- Shelf box

#68608 (110-120V)
#68609 (220-240V)

Quick-Fill™ RECHARGEABLE Pump features include:

- 3 interconnecting nozzles
- A 12V DC power adapter for vehicle charging and a household AC power adapter for home charging
- 12V DC to inflate and deflate while recharging
- Automatic over-charge cut off for safety protection
- New shape with easy carry handle
- ETL approved (110 – 120V)
- CE approved (220 – 240V)
- Shelf box

COMMITMENT

In today's rapidly evolving and highly competitive environment, this translates into a total commitment to product quality, including conformity to all relevant safety & quality regulations and standards. Examples include:

- Regulation (EC) No.1907/2006 "Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)"
- EN 71 "Safety of toys" (European standard)
- EN 13138 "Buoyant aids for swimming instruction" (European standard)
- EN15649 "Floating leisure articles for use on and in the water" (European standard for airmats, lounges and other similar items)
- EN 60335-2-41 "Safety of household and similar electrical appliances, particular requirements for pumps" (European standard for water pumps)
- ISO 6185-1 "Inflatable boats" (International standard for Sports Boats)
- NMMA-ABYC (USA standard for hi-end sports boats)
- ASTM F963 "Standard Consumer Safety Specification for Toy Safety" (USA toy standard)
- ANSI/APSP-4 "AGP standard" (USA standard for above ground pools)
- CPSIA "Consumer Product Safety Improvement Act" (USA regulation of consumer and children's products)
- ASTM F2666 "Small pools standard" (USA standard for pools under 36" water depth)
- UL1450 "Electric inflators" (USA standard for electric inflators)
- UL1081 "Swimming pool pumps, filters and chlorinators" (USA standard)
- UL1563 "Electric Spas" (USA standard for Spa)

TO EXCELLENCE

Intex's commitment to Excellence extends to helping our environment and supporting the ecosystem. It begins with product design. Intex's filter pumps operate on much lower amps than most filter pumps in the market, reducing electricity consumption. Our saltwater systems clean pools using only natura salt, eliminating the ongoing need for environmentally unfriendly packaged chlorine.

Intex also operates one of the most comprehensive recycling programs in the industry. We are the first company in China to successfully obtain a license to ship consumers' returns in the original package back to China to be recycled. Therefore, used materials and product returns are prevented from going to landfills and instead re-used in the manufacturing process where up to 10% of annually produced PVC is recycled.

Intex designs all of our own packaging for our products. We constantly challenge our methods of packaging to improve efficiency and reduce waste. More compact packaging techniques save cardboard while cutting down on space utilization, saving freight and fuel consumption.

As a manufacturer, Intex knows it has a responsibility to manage the amount of waste produced. As an employer of over ten thousand people, we also encourage our own employees to recycle, reduce waste, and be conscious of the environment. Starting from recycling corners for all our worldwide office facilities, our Factory has worked with the local government as well as through sponsorships with key partners to strengthen our efforts to be more eco-friendly. Intex has worked to provide incentives and seminars to employees as well as setting targets to reduce energy consumption. In addition, Intex has made significant investment in technology to achieve these goals. For example, we have implemented a frequency converter system which converts diesel to natural gas, installed solar water heaters and set up a recycled sewage system, and invested in equipment that reduces gas emissions.

From product design, to more efficient processes that save energy and reduce waste, to a world class recycling program, to more energy efficient offices, the people at Intex are striving to provide the best value products anywhere while constantly keeping our global ecosystem in mind.
