

DECLARATION OF THE UNIVERSITY OF TEXAS AT AUSTIN
LIBRARIES REGARDING THE “LAYOUT MINIMIZATION OF CMOS
CELLS” REFERENCE

OPEN RECORDS REQUEST NO. R003570-102022

I, Sean O’Bryan, declare as follows:

1. I am over the age of 18, have never been convicted of a felony or crime of moral turpitude, and am legally competent to make this declaration. I have personal knowledge of the matters stated herein.
2. I am a librarian at University of Texas Libraries (“UT Libraries”) located within the University of Texas, Austin, TX.
3. I have been employed by UT Libraries for 21 years.
4. I am familiar with the routine record-keeping practices of UT Libraries.
5. The UT Libraries’ records that are regularly maintained in the course of its operation reflect that “Layout Minimization of CMOS Cells” by Robert L. Maziasz and John P. Hayes is in the UT Libraries’ collection. According to our records, this item was catalogued on July 16, 1998.
6. A true and accurate copy of the cataloging record for “Layout Minimization of CMOS Cells” is attached as Exhibit A.
7. At the time of the acquisition of “Layout Minimization of CMOS Cells”, the UT Libraries typically made newly catalogued items available to the public within 3 business days of cataloging.
8. I have reviewed the portions of “Layout Minimization of CMOS Cells” attached as Exhibit B and they reflect a true and accurate copy of the corresponding portions of the item as it exists in the UT Libraries.

* Note: In January 2020, UT Libraries completed a migration to/implementation of a new Library Services Platform (ExLibris’ Alma Library Services Platform) as our catalog of record. Prior to January 2020, Innovative Interfaces’ Sierra ILS was employed as our catalog. Prior to 2007, UT Libraries employed a locally developed catalog system (UTCAT/UTNetCat). All item accession data prior to

2020 required migration to the new Alma platform from one or sometimes both previous systems and was required to be archived in available fields in the new Alma system. The “catalog date” for records from the UTCAT/UTNetCat system was archived in Alma at the item-level as “UT DATE:” in Statistics note 1.

I, Sean O’Bryan, do hereby declare and state, that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the Unites States Code.

Executed on October 28, 2022.

A handwritten signature in black ink, reading "Sean O'Bryan", is positioned above a solid horizontal line.

Sean O’Bryan
Assistant Director of Access
University of Texas Libraries
