

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

REALTEK SEMICONDUCTOR CORP.,
Petitioner,
v.

ATI Technologies ULC,
Patent Owner.

Case No. IPR2023-00564

U.S. Patent No. 7,742,053

JOINT REQUEST FOR ORAL ARGUMENT

Pursuant to 37 C.F.R. § 42.70(a) and the Board's October 25, 2023, Scheduling Order (Paper 8), Petitioner Realtek Semiconductor Corp. ("Realtek") and ATI Technologies ULC ("ATI") (collectively the "Parties") jointly respectfully request an oral argument, currently scheduled for July 25, 2024.

In-Person: The Parties jointly request "in-person" oral argument at the USPTO headquarters in Alexandria, Virginia, per the Scheduling Order.

Date: The parties jointly agree that, if desired by the Board, the hearing date for IPR2023-00564 may be modified to coincide and merge with the hearing date for IPR2023-00687, which is currently scheduled for August 20, 2024. Both IPR2023-00564 and -00687 share the same Panel and were originally scheduled to have a hearing on the same date. However, a Revised Scheduling Order moved the hearing date for IPR2023-00687 to accommodate briefing for Patent Owner's Revised Motion to Amend. For efficiency, the Parties agree to a single hearing at the later date, August 20, 2024. Both IPRs involve related patents and the prior art has some overlap between the proceedings.

Time for Argument and Reservation of Time: Should the hearing remain as set for July 25, 2024, the Parties request an equal total time of 60 minutes each for

argument, with the opportunity to reserve rebuttal (Petitioner) and sur-rebuttal (Patent Owner) time.

Should the Board modify the Scheduling Order to reset the hearing from July 25, 2024 to August 20, 2024 and consolidate the hearings for IPR2023-00564 and - 00687, the Parties request 90 minutes of total time, with the same opportunities for rebuttal and sur-rebuttal time.

Equipment: The Parties requests the ability to present paper (e.g., Elmo type projector) and electronic (e.g., laptop connection for PowerPoint presentations) exhibits and demonstratives during the hearing. If available, the Parties request teleconference software (e.g., Zoom, Teams, etc.) with the ability to display possible demonstratives and exhibits during the in-person hearing to allow for remote, including international, client attendance.
