Ms. Goldschlager,

Thank you. Petitioner will file the copy of the Petition that was attached to the email dated July 26, 2023, 11:15 PM ET. Please note that because of when the document was printed, the date fields (e.g., in the certificate of service), were automatically updated to July 25 by Microsoft Word.

Otherwise, Unified confirms that this corrected Petition differs from the originally-filed Petition only in that figures on pages 18, 20, 21, 24, 30, 48, 50, and 59 of the corrected Petition include annotations that were lost during format conversion of the originally-filed Petition. We will file a separate certificate of service to ensure that the identical file is uploaded, as instructed.

Best,

Michelle Aspen

From the Board –

Petitioner's unopposed request is granted. In particular, Petitioner is authorized to file the corrected Petition attached to Petitioner's email of July 26, 2023 at 11:15 pm with the file name COM908_FINAL Petition (printed July 25, 2023).pdf. Petitioner also should confirm via e-mail to Trials@USPTO.gov that the corrected Petition differs from the originally-filed Petition only in that figures on pages 18, 20, 21, 24, 30, 48, 50, and 59 of the corrected Petition include annotations that were lost during format conversion of the originally-filed Petition.

Subject: IPR2023-00584 - Request for Authorization to file a Corrected Petition

CAUTION: This email has originated from a source outside of USPTO. PLEASE CONSIDER THE SOURCE before responding, clicking on links, or opening attachments.

Dear Honorable Board,

Petitioner Unified Patents respectfully requests authorization to file a motion to submit a Corrected Petition in IPR2023-00584 to correct clerical errors under 37 CFR § 42.104(c). Specifically, it appears that some figures labeled "annotated" lost their annotations when opened for conversion to pdf on Unified's paralegal's PC. Attached is the final Word version of the petition, which had the original annotations when viewed on a Mac computer, as well as a pdf copy of this file as converted on a Mac.

Petitioner discovered this issue while reviewing the Patent Owner's preliminary response and immediately sought authorization to correct upon the discovery.

The parties have conferred, and Patent Owner does not oppose Petitioner's request for authorization to file a motion to submit a corrected petition. The parties are available for a conference with the Board at the following dates and times:

- Thursday, July 27, before 3:00 pm EDT;
- Friday, July 28, between 12:00 and 5:00 pm EDT;
- Tuesday, August 1, between 11:00 am and 5:00 pm EDT.

Best,

Michelle Aspen
