Subject: RE: Subject: IPR2023-00584 - Request for authorization to file Motion to Dismiss - Unified Patents, LLC v. Competitive Access Technologies
Date: Thursday, September 21, 2023 4:20:25 PM

Counsel,

From the Board –

The parties are authorized to file no later than October 4, 2023 the following: (1) a motion to dismiss and terminate the proceeding, as a Paper, (2) a true copy of any written agreement made in connection with the request for termination, as an Exhibit, and (3) a request to treat any written agreement as business confidential under 37 CFR 42.74(c), as part of or as a separate Paper from the motion to dismiss and terminate. If the parties wish to maintain any agreement as confidential, that agreement should be filed “For Board and Parties Only.”

If the parties file a written settlement agreement, the parties must also file any collateral agreement (including any licensing agreement). In addition, the motion to dismiss and terminate should include a statement that there are no other agreements, oral or written, between the parties made in connection with, or in contemplation of, the termination of the proceeding, assuming such statement is correct. If the parties cannot make such statement, the other agreement(s) also should be filed under 37 C.F.R. § 42.74.

The motion to dismiss and terminate should further explain why termination is appropriate and provide the status of any related district court cases or USPTO proceedings, including IPR2023-00880, with respect to all parties.
