

Set Lighting

Warner Bros. Studio Facilities Set Lighting encompasses equipment rentals and services. With technology continually advancing, our rental inventory ranges from the latest in HMI (electronic technology), LEDs, Moving Lighting to Max Movers and traditional incandescent product lines. We offer lighting packages for feature, television, video and commercial production and all types of special events.

Our team of professionals are well versed in all aspects of production lighting. We offer assistance in scheduling and booking skilled production electricians.

Give us a call for a competitive quote on your next project.
