3GPP Calendar Home

The plenary meetings for RAN, CT and SA are co-located over a one week (formerly two week) period in a quarterly cycle.

The ETSI web site holds the up-to-date 3GPP calendar of meetings, from there you can select "New Query" to refine your search further.

Refer to <http://www.3gpp.org/3gpp-calendar/meeting-registration-and-check-in> for the formalities of attending a meeting.

Meeting by TSG and WG

Call for IPR (Meetings)

During each 3GPP meeting (TSG or WG) the Chairman of the group must make the following call for IPRs: "I draw your attention to your obligations under the 3GPP Partner Organizations' IPR policies. Every Individual Member organization is obliged to declare to the Partner Organization or Organizations of which it is a member any IPR owned by the Individual Member or any other organization which (...)
