Product Description

This unique tenon stock is specially designed for our Beadlock® Loose Tenon Joinery System. The Beadlock® joinery system allows you to create joints with mortise and tenon strength without the need for large, expensive machinery. The flutes on the stock increase the amount of precious glue surface and also prevent the joint from racking. And now you can save time by buying Beadlock® tenon stock in precut lengths of 1-1/2", 2", 2-1/2". For those who prefer to cut their own, we still have one-foot lengths as well.

Features:

- Stock is specially designed for our Beadlock® Loose Tenon Joinery System (sold separately)
- Flutes on the stock increase the amount of glue surface
- Save time by buying Beadlock® tenon stock in precut lengths of 1-1/2", 2", 2-1/2"
- Made from domestic birch and is untreated
