Subject: IPR2023-00665 - Patent Owner's Pro Hac Vice Motion (Theresa M. Dawson) - Deficiencies Identified
Date: Tuesday, August 22, 2023 4:13:48 PM

Counsel:

From the Board –

Patent Owner's motion for *pro hac vice* admission of Theresa M. Dawson in IPR2023-00665 is not in condition for grant. The following deficiencies have been identified:

1. The declaration filed in support of the motion does not comply with the requirements set forth in *Unified Patents, Inc. v. Parallel Iron, LLC*, Case IPR2013-00639, Paper 7 (PTAB Oct. 15, 2013) because it does not provide "[a]ll other proceedings before the Office for which the individual has applied to appear *pro hac vice* in the last three (3) years." Our records indicate that Ms. Dawson applied to appear *pro hac vice* in IPR2021-01356 on 8/17/22, but her declaration does not list that proceeding.
2. No power of attorney designating Ms. Dawson has been filed in accordance with 37 C.F.R. § 42.10(b).

Please correct the first deficiency by filing only corrected declarations (as exhibits) in each proceeding within 10 business days or the motion will be dismissed. Please do not file an additional motion for *pro hac vice* admission as that would require a new PHV fee payment.
