Subject: IPR2023-00680, IPR2023-00681, and IPR2023-00682: Fintiv Update

CAUTION: This email has originated from a source outside of USPTO. PLEASE CONSIDER THE SOURCE before responding, clicking on links, or opening attachments.

Dear Board,

In light of recent developments, Petitioner and Patent Owners wish to provide the Board with updates in IPR2023-00680, -681, and -682. For example, certain related cases have been dismissed, stayed, consolidated, or set for a scheduling conference. The Parties, however, disagree on the scope and form of the update.

Petitioner seeks permission to file a non-argumentative update that includes relevant orders in related cases that may affect the Board's *Fintiv* analysis. Patent Owners seek broader permission to file any relevant evidence and arguments on intervening developments affecting institution.

After meeting and conferring, the parties have agreed that if the Board grants Petitioner's request, the parties request permission to jointly file as exhibits the relevant orders along with a 2-page, non-argumentative cover pleading that describes the relevant orders.

Should the Board grant Patent Owners' request, the parties request permission to file simultaneous, competing 5-page updates and arguments and evidence, due one week after the Board's decision, followed by 2-page responses one week thereafter.

Should the Board desire a hearing, the parties are available for a hearing anytime from 12-4 p.m. on April 29 or after 12 p.m. on April 30.

Best,
Matt
