Hi Craig, Patrick,

Hope you're well. Congrats on the Fry's placement! We just received a v1.2 unit as well; really neat.

I want to introduce Manfred, Product Manager on our Cardboard efforts and Dontae, Partnership lead on Cardboard. They're exploring new ways we can help Cardboard manufacturers such as yourselves.

I think they'd like to have an intro discussion whenever you have the time to hear more about your progress and any challenges along the way.

Andrew
