Dear PTAB:

Today Patent Owner filed a disclaimer of claims 1-5 and 7-10 of the '184 Patent pursuant to 37 C.F.R. 1.321(a) with the Office. Patent Owner requests guidance as to whether the disclaimer should be provided as an exhibit in IPR2023-00708, or whether filing the disclaimer with the Office is sufficient.

Counsel,

From the Board –

Please consider whether a disclaimer of claims 1-5 and 7-10 is more appropriate than a motion to amend with cancellation of those claims. If Patent Owner wishes to continue with a motion to amend in order to cancel claims 1-5 and 7-10 after considering the disclaimer of these claims, then Patent Owner should request a conference call to discuss.

Dear Trials,

Petitioner writes to clarify its position. While Petitioner does not oppose the cancellation of claims 1-5 and 7-10, it takes no position on whether a motion to amend is the proper way to accomplish this at the current stage of the proceeding.
