vitamin D3 + coconut oil

Each drop contains

Pure vitamin D3 (cholecalciferol). The vitamin D3 in Ddrops® is naturally sourced from lanolin (sheep's wool). Don't worry, the sheep are not harmed, but they did feel a breeze. Ddrops® products are classified as vegetarian, suitable for 'lacto-ovo' vegetarian use.

Fractionated coconut oil is used as a carrier to help your body absorb the vitamin D. This is what makes Ddrops® tasteless, odourless, and free from most common allergens.

[How to use](#)

[Expiry and Storage](#)

1. Simply turn the bottle upside down to dispense just one drop.

2. Ddrops® products are designed to be dropped onto a clean surface, food item, or in a liquid

Pediatrician recommended

★★★★★ *March 4, 2019*

Product was given to me as a sample from my pediatrician. She recommended it and it is so easy to use! My baby does not seem to mind it so I don't think it has a taste to it.

Hannah

Great product!

November 12, 2018

Great product, easy to use and baby has no complaints!

Hannah Belisle

Great stuff

August 31, 2018

This is easy to use it truly tasteless and even my pediatrician who had a baby recently is using them.

Jessica

DDrops

September 7, 2017

Great product! My little one doesn't seem to mind the taste. You only use a little bit!

Sarah Dundas

Great product.

August 9, 2017

Easy to use, fast shipping from the site to home. Love it.

Easy to use, fast shipping from the site to home. Love it.
