Subject: RE: IPR2023-00763 - Question regarding Director Request for Review
Date: Wednesday, December 13, 2023 3:16:54 PM
Attachments: [image001.png](#)

Hello,

Thank you for your email. We received Mr. Konz email, dated December 11, 2023, notifying the Office of Petitioner's intent to request Director Review in IPR2023-00763 and attaching a copy of Petitioner's Request.

Although the USPTO's Revised Interim Director Review Process [webpage](#) requires that the Request also be filed in P-TACTS, *see* Section 3.A., in this case, the Director will permit Petitioner to belatedly file its Request in P-TACTS because the Office received the Request before the rehearing deadline, through counsel's attachment to its email, and because counsel promptly contacted the Office in an attempt to cure.

Accordingly, Petitioner may perfect its submission by filing its Request in P-TACTS by close of business on Thursday December 14, 2023. A copy of this communication will be entered into the record.

Finally, please be reminded that all communications to the Office must copy counsel for all parties. See section 3.G.

Thank you.

Subject: IPR2023-00763 - Question regarding Director Request for Review

CAUTION: This email has originated from a source outside of USPTO. **PLEASE CONSIDER THE SOURCE** before responding, clicking on links, or opening attachments.

Dear Board,

Good afternoon. We emailed the Director in the above cited case yesterday and attached our Request for Director Review to that email. We did not, however, actually file the document. We seem to be confused on whether both things need to be done. If we are to actually file the document, we are now a day late. Can you please advise what steps we should take to remedy this situation, if any.

IPR2023-00763
Ex. 3101

Your assistance is greatly appreciated. Thank you.
