Subject: IPR2023-00788 - request to file reply

CAUTION: This email has originated from a source outside of USPTO. PLEASE CONSIDER THE SOURCE before responding, clicking on links, or opening attachments.

Dear Honorable Board:

We are counsel for Petitioner Advanced Micro Devices (AMD or Petitioner) in the above-identified proceeding. On July 28, 2023, Patent Owner Realtek Semiconductor Corporation (Realtek or Patent Owner) filed its Patent Owner Preliminary Response. In it, Patent Owner argued that one of the references ("the Muh thesis") relied on by AMD does not qualify as prior art under 35 U.S.C. 102(a)(1).

AMD requests permission to file a three-page preliminary reply brief limited to addressing the case law and accompanying argument in the Patent Owner Preliminary Response regarding the prior art status of the Muh thesis.

AMD has conferred with Realtek's counsel regarding this request, copied on this email, and Realtek's counsel indicated that Realtek does not oppose AMD's request, subject to the Board granting Realtek permission to file a three-page sur-reply brief on the Muh thesis issue. AMD does not oppose Realtek's request to file a sur-reply brief.

If the Board believes that a conference call with the parties would be helpful, the parties are available at the following dates and times: Tuesday, September 5 any time after 10 a.m. Eastern; or Wednesday, September 6 between 2 p.m. and 5 p.m. Eastern.

Respectfully submitted,

Brian E. Ferguson
Counsel for Petitioner
