ORDER

The Court issues this Order *sua sponte*. Before the Court is Plaintiff Element Capital Commercial Company PTE. LTD. (“Plaintiff”) and Defendants BOE Technology Group Co., Ltd., Beijing BOE Display Technology Co., Ltd., and Motorola (Wuhan) Mobility Technologies Communication Co., Ltd. (“Defendants”) (collectively, the “Parties”) Joint Claim Construction and Prehearing Statement Per P.R. 4-3 (the “Joint Statement”). (Dkt. No. 54). In the Joint Statement, the Parties jointly notify the Court that the Parties met and conferred and have resolved all initially-disputed constructions and reached agreement on the terms as listed below:

Asserted Claim(s) of U.S. Patent No. 7,259,736	Claim Term	Agreed Construction
claims 3, 33	“first electro-optical elements”	“electro-optical elements that emit light of a first color”
claim 18	“first light-emitting films”	“films that emit light of a first color”
claims 3, 33	“second electro-optical elements”	“electro-optical elements that emit light of a second color”
claim 18	“second light-emitting films”	“films that emit light of a second color”

Asserted Claim(s) of U.S. Patent No. 8,525,760	Claim Term	Agreed Construction
claim 1	“a holding element”	“An element which holds electrical signals such as a capacitor or memory.”

(*Id.* at 2). The Parties inform the Court that, after reaching the agreed constructions listed above, no disputed claim terms remain that require the Court’s construction. (*Id.*). In view of the lack of disputed terms, the Parties further inform the Court that they “do not believe that a Claim Construction Hearing is necessary” and that they “are unaware of any additional issues that would require the scheduling of a pre-hearing conference.” (*Id.*). Accordingly, the Court **ORDERS** that the Claim Construction Hearing currently scheduled for November 7, 2023 at 9:00 a.m. in Marshall, Texas is **CANCELLED**.

So ORDERED and SIGNED this 12th day of October, 2023.
